What's Happening in June!

President's Message

Hello from the Big Apple.

I've started my summer travels with a visit to spend time with my youngest daughter, DeAnna.

Enjoyed a wonderful Mother's Day dinner at Hawksmoor Steakhouse located inside a historic NYC building.

The 1893 United Charities Building located on Park Avenue South was a pioneer headquarters for a number of nonprofit organizations that provided services to those in need. During this era, many charitable organizations were headed by women. That is where one of the most influential women's reform organizations known as The National Consumers' League located their offices in 1899.

On July 17, 1991, The United Charities Building was designated a National Historic Landmark.

Enjoyed the theatre and saw "Funny Girl."

Heading back to Miami for a few days then off to North Carolina to visit my eldest daughter, Sheena. I will have more to share.

I am looking forward to our club's planning meeting taking place on June 14th, 10:30 at the clubhouse. As we plan visits to see family & friends, let's plan on putting in place a year of growth and giving. If you will not be attending this meeting and would like to offer suggestions for the coming club year, please email me. This is your club. Your input is important.

Enjoy your summer. And, keep in touch.

EDUCATION and LIBRARIES COMMUNITY SERVICE PROGRAM

Overview of this CSP - GFWC members promote education in both children and adults. We aim to help others, while we also continue to learn. Projects in this CSP are designed to foster schools, as well as other educational institutions and opportunities, and to promote literacy, libraries and the love of a good book. Through these efforts, we encourage the growth of individuals and communities at home and around the world.

Chairmen, Charlene Feldner and Barbara Wexler

Happy Almost Summer Everyone!

We know things quiet down a bit, but there is a lot of planning going on for all of us in Coco Plum. More great events to come starting in August.

Education and Libraries projects are resting, but our book club ladies will meet during the summer months.

ARTS and CULTURE COMMUNITY SERVICE PROGRAM

The GFWC Arts and Culture Community Service Program encourages members to promote and support art and cultural programs in their clubs and communities, and to expand understanding on every level, from local and regional to national and international. Our goal is to create projects that include crafts, dance, drama, food, music, and other manifestations of art and culture that develop skills, awareness, and appreciation. It is designed to inspire clubwomen and ignite within them a desire to make the world a more beautiful, thoughtful, and caring place.

Chairman, Aminta Konawicz

ENVIRONMENT COMMUNITY SERVICE PROGRAM

Overview of this CSP - The GFWC Environment Community Service Program encourages us to become stewards of the earth by working to preserve the world's resources, protect wildlife and domesticated animals, live sustainably, and beautify our communities and enjoy nature. Environmental degradation is cumulative and many scientists warn that we are at a tipping point. There is no time like the present to act.
