BE GREAT

Alexander's Foundation for Children

www.BeGreatFoundation.org

Improve the Lives of Children with Immune Deficiency

Support our mission as we:

- Expand Diagnostic Immunology & Transplant Research
- Increase Cord Blood Donation
- Deliver Family Education Programs
- Expedite Newborn Diagnosis

96% of every donation to BE GREAT is allocated directly to our programs to make a tangible impact.

**Every child deserves to be healthy,
and the chance to Be Great!**

BE GREAT Foundation

Immune deficiency diseases affect...

**1 Million American Children
10 Million Worldwide**

Approximately **1 in every 33,000**
newborns have SCID (Severe
Combined Immune Deficiency).

BE GREAT Foundation makes it possible to improve the lives of children with immune deficiency. You can BE GREAT too by designating us through the CFC.

BE GREAT is dedicated to
Alexander James Plotas who died
from a severe form of immune
deficiency, after a successful
Bone Marrow Transplant (BMT).
