# Harbor Village

Americanism presentations are often requested by the Harbor Village residents. Presentations are well attended by residents who express gratefulness. It is always humbling when residents share their own stories.

## Village Manor Park

A visit to Village Manor Park is an annual event that is met by the residence as a welcome break to their daily routine. As the residence have vast life experiences our presentation focuses our presentation on reinforcing American values, encouraging recall of their life stories and sharing them with families and friends.

### Village Manor Park

A visit to Village Manor Park is an annual event that is very special for the residents as it allows them to share their stories and experiences with their families and friends. The residents are very excited about the event and the staff is very helpful in making sure everyone has a great time. The event is a great way to celebrate the residents' lives and the community they live in.

## Berkshire

A visit to Berkshire is an annual event that is met by the residence as a welcome brake to their daily routine. As the residence have vast life experiences our presentation focuses our presentation on reinforcing American values, encouraging recall of their life stories and sharing them with families and friends.

## Stoney Creek

Our visit to Stoney Creek is an annual as well as a unique event. Our presentation is to the residence of the senior center combined with children from an adjacent school. The wide range of age and life experiences is a challenge met by our presenters. I look forward to the combining of young and old as a welcome alternative to the to often isolation of groups in our society.

## Steeple View

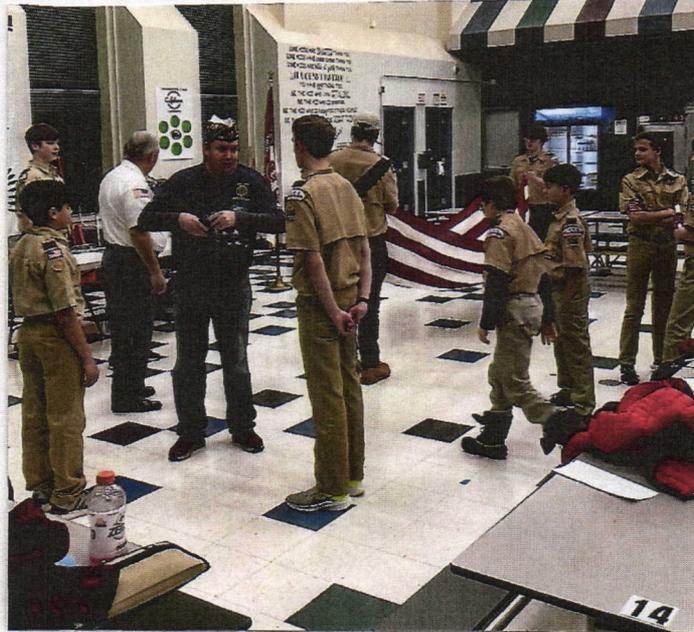

Steeple View residence are a very active and a bit younger than other senior centers and as such our presentation are given less frequently due to the low turn over of the residence. When we have the opportunity to visit we are met with enthusiastic residence that are engaged and willing to interact during our presentations. It is another fulfilling as well as a learning experience for our presenters.

Welcome to Steeple View

## Scout Troop 506

Greendale is fortunate to have an active Scout Troop with engaged and very capable leadership. As the Americanism Presentation Team we were very happy Troop 506's leadership asked us to give an Americanism Presentation which was well received.

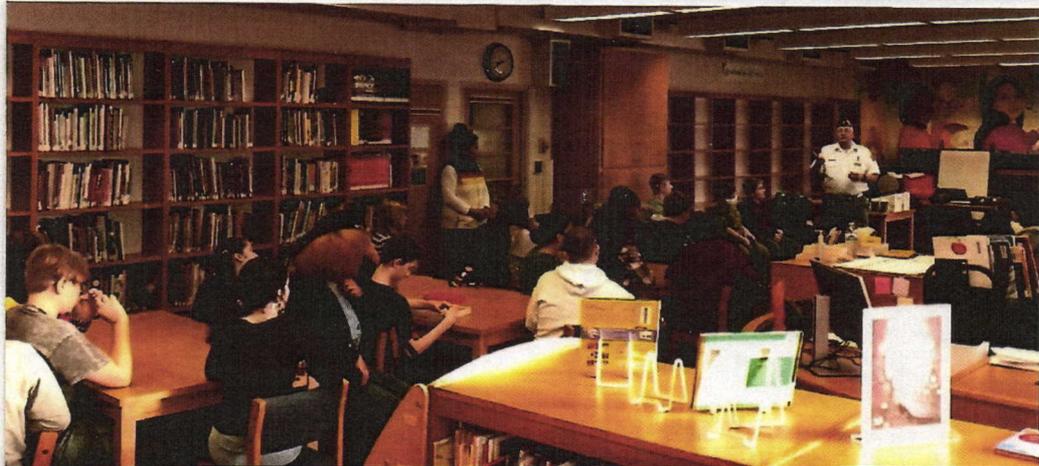

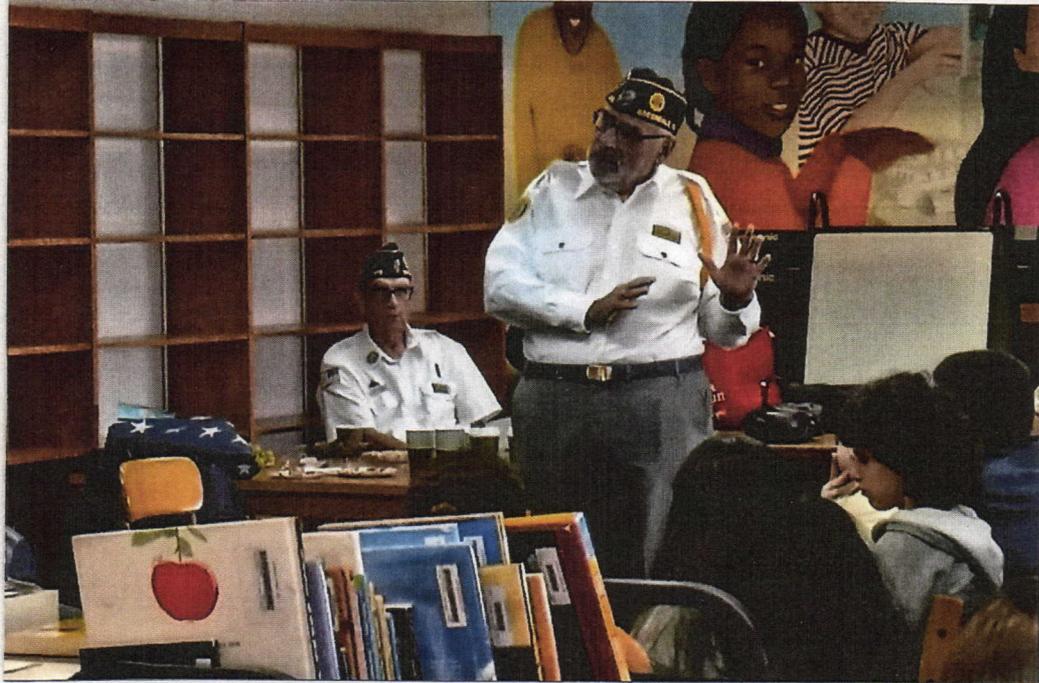

Scout  
Greene is fortunate to have... of the  
leadership. As the American President  
leadership asked us to give an American

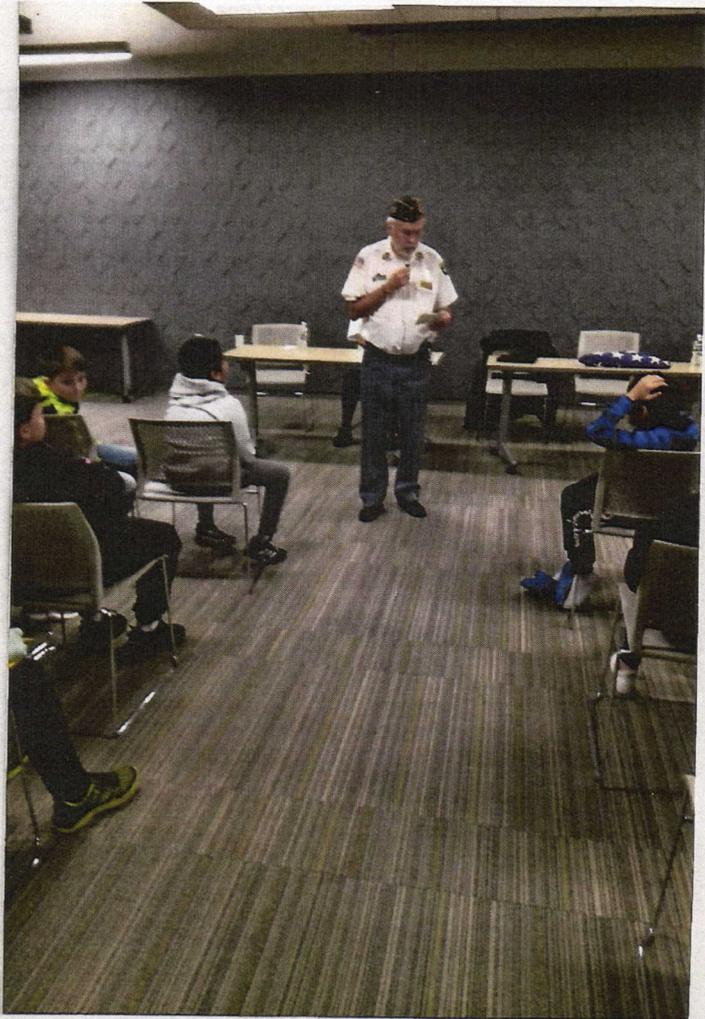

## Fairview Middle School

This was the first year that we as the Americanism Team have been invited to give a presentation at Fairview Middle School. After requesting Post membership to tell people they know about our Americanism Presentation program and our desire to give a presentation to any group who wishes to invite us we received a request from a Post member's sister who is a teacher. We were involved in a school wide flag raising program followed by our Americanism Presentation to all 7th grade student and teachers.

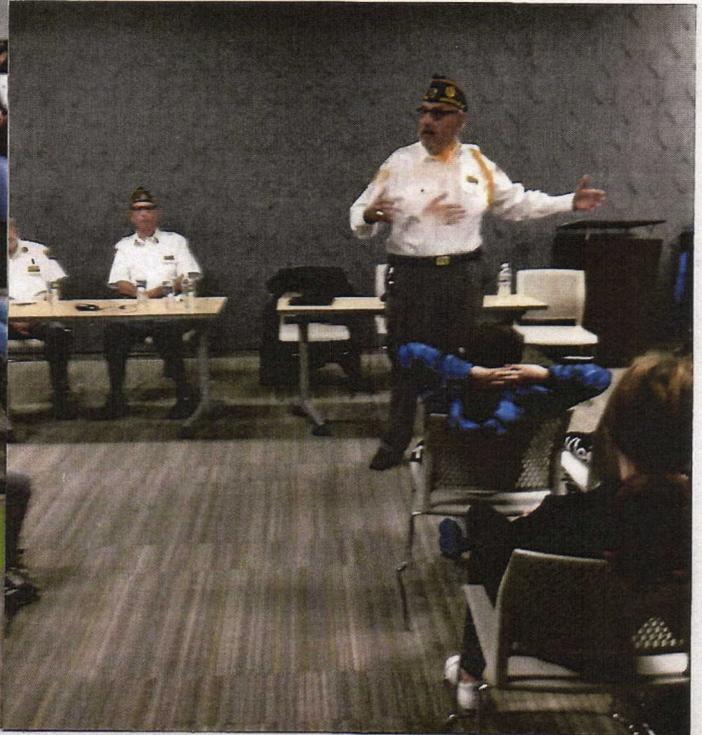

8-989

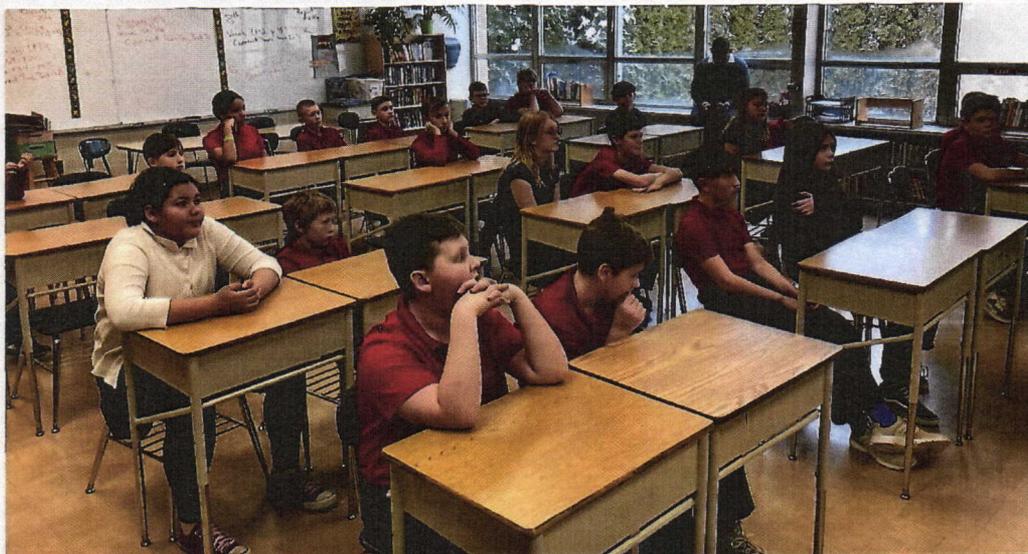

## Greenfield Middle School

Greenfield Middle School has come to be another annual opportunity for Post 416 to interact and share an Americanism Presentation with students and teachers. We are always welcomed with curious students and supportive teachers. As in all presentations questions are encouraged and we are never left disappointed as there are more questions than we have time for.

## St. Mathews Catholic School

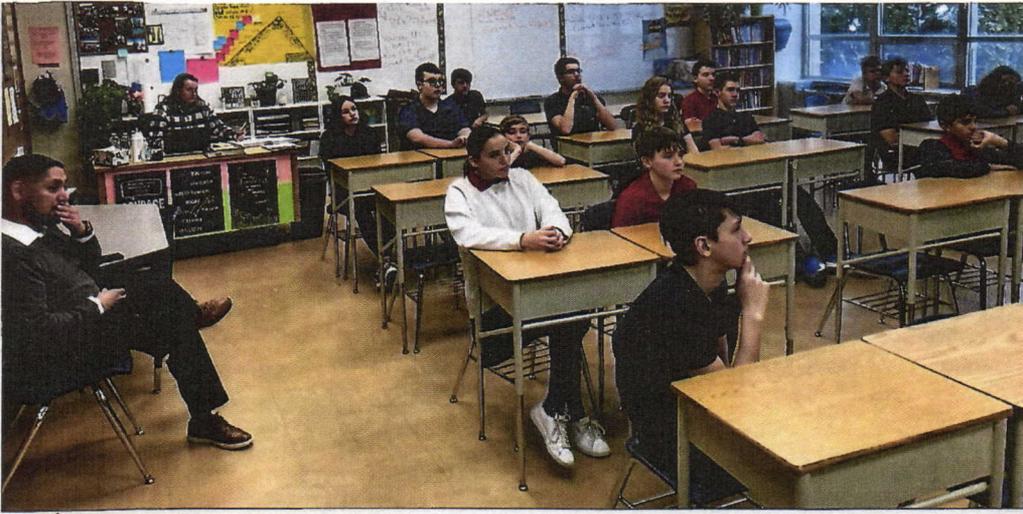

This was another 1st time presentation which was a result from a Post members's sharing information with community contacts. The staff was welcoming and the students were attentive, respectful and engaged. The student's questions were on point and exhibited a curiosity and willingness to share there own perspective. Our presenters to a person expressed how fulfilling and impressed they were with the experiance at the school.
