Woof & Purr Remarks

Boarding Updates

Are you interested in your pet staying over night with us? Schedule a tour of our facility by calling our office. Are you already a client, but have a new pet in your household? We do require assessments of all new pets in your household before being cleared for boarding services. Please note availability is limited during the summer. We do require a two night minimum for all weekends through August.

Doggie Daycare

We are asking for all current clients to confirm routine schedules through the end of the summer. For all new clients, we have started a waitlist and will make reservations based on open availability. Please note reservations are required! You are welcome to call and check availability anytime!

Meow News

We have recently put up new shelving and added a new cat tower to the room for our feline friends to continue sprawling all summer long. We do require a two night minimum for all cat boarding. We have a limited capacity of 10 cats, so space is very limited!

Feline Facts

- Cats are nearsighted, but their peripheral vision and night vision are far superior compared to humans.
- Did you know cats have whiskers on the back of their front feet, not only on their face.

Are you ready for Iowa's largest event? Beat the wait, by making reservations for daycare or boarding while space is available. Please plan accordingly, space is limited and will fill up fast! Not interested in the fair? Do not forget Labor day is right around the corner!

Owner: I might have mentioned it.

Dog: You revealed my weakness to my greatest enemy!

Owner: He's not your enemy.
