Thank You Teachers, Assistants and Helpers

KidzMin wouldn't be possible without your helping hands. Whether you serve as a teacher, assistant, helper, parent, student, pastor, or director, your time, love, and dedication make a lasting impact, and we are truly grateful for each of you.

We especially love seeing our youth—our next generation of the church family—serving alongside us and helping grow this important ministry. They are not only part of the church today, but the future of it as well.

If your child would like to visit or assist in another classroom at any time, please let us know. We would be happy to coordinate with the teachers and make arrangements while also tracking their service hours. Service hours may be applied toward school requirements and other extracurricular activities.

Thank you for serving and helping build God's kingdom, one child at a time.
