Executive Director Report:

- Chris reported attending a meeting in Springfield last week. The DD Director told one of the ISCs that they would be receiving a lot of PUNS pulls next time due to the fact they have parent's night at school and may have up to 50 PUNS requests filled out in one night. Livingston County has had it shares of PUNS pulls. Seven people were pulled this year. One individual has not been found and another is refusing services that really needs it. Another pull was welcomed by a grandmother of an individual who was pulled. She was so happy, she cried. It is hard to keep them all updated due to the fact they have moved or changed phone numbers. They must apply every 365 days. The PUNS pull will be done by how many years (once they are age 18) on the list. Crisis is still available. However DHS has changed the criteria for PUNS to Seeking for Services or Planning for Services. Seeking services is for those that need services quickly. Planning services is for the caregiver over age 60 or looking for services within a year.
- In recognition of Direct Support Person last week, 708 Board gave Chamber Gift Certificates to all DSPs in the group homes and the day program. They were very much appreciated. The funding came out of the Service Development line item of the budget.
