Agency Comments:

Safe Journeys:

- Susan says they continue to work as usual. Two out of four of their staff are from Pontiac with school age children have gone to remote learning. They are providing remote services. They have submitted a request to the state asking for permission to conduct teleservices. They are waiting for the state's response.

Institute for Human Resources:

- Joe submitted the Substance Use Disorder Annual Report for 2020. This is a thorough report of the many different services that have been provided. Joe asked if anyone had any questions. No questions were asked. Depending on what transpires in the next couple of weeks IHR may start teleservices if clients are uncomfortable coming in person.

Futures Unlimited:

- Patty reported they continue to provide day services as long as they can follow the guidelines and stay at 25% capacity. CILA clients have had no symptoms of COVID. However, some staff have tested positive and go on quarantine. They continue to look for staff to fill positions in the CILA homes. They did close a CILA and move those gentlemen into other CILAs. They male clients were happy with their moves to other locations. Public Health has helped them so much during this epidemic. Projects are coming along and Patty will get the invoices to us tomorrow. There will be no Breakfast with Santa this year but they will be sending out their Holiday Mailer. At this very moment surveyors on site surveying the Day Program Services.

OSF:

- Not present.

It was moved by Rose Smith and seconded by Lynette Barnett to adjourn. Motion carried.

Respectfully submitted,

Rose Smith, Secretary
