Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Business Analyst IV

Minimum/General Experience: Five (5) years of experience in understanding business needs and realizing solutions. Knowledge of financial concepts, management reporting and business analysis. Knowledge of how the various financial management systems, applications, and modules are used during the course of the financial management business life-cycle.

Functional Responsibility: Provide guidance, advice, and support in accounting and budget operations, financial systems analysis, implementation planning, business processes, internal controls, and policies and procedures. Provide resource and financial management solutions, including budget planning and execution, accounts and financial reporting and reconciliation.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Financial Management Analyst

Minimum/General Experience: Eight (8) years of cost estimating, cost analysis experience, and/or financial management disciplines. Experience shall include activities which occur during the total acquisition life cycle, statistical techniques, applied mathematics, and economics to conduct analytical studies. Experience directly related to supporting accounting teams, audit teams, accountants, and financial personnel. Familiar and knowledgeable of Government audit regulations, Generally Accepted Accounting Principles, Internal Controls, cost-effective accounting and auditing procedures, and procurement/acquisition environments.

Functional Responsibility: Integrate business, cost estimating and financial management processes to ensure the efficient management of funds. Ability to formulate strategic financial plans, prepare cost estimates and correlate financing requirements into executable budgets. Must be able to assess procedures for compliance with government standards, accounting principles, and multi-tiered system application standards. Familiar with activity based costing, business case analysis and outsourcing requirements.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Financial Management Consultant

Minimum/General Experience: Twelve (12) years of cost estimating, cost analysis experience, and/or financial management disciplines. Experience shall include activities which occur during the total acquisition life cycle, statistical techniques, applied mathematics, and economics to conduct analytical studies. Experience directly related to supporting accounting teams, audit teams, accountants, and financial personnel. Familiar and knowledgeable of Government audit regulations, Generally Accepted Accounting Principles, Internal Controls, cost-effective accounting and auditing procedures, and procurement/acquisition environments.

Functional Responsibility: Responsibilities include providing leadership to financial management professionals. Ensure program/project is working in accordance with automated complex business practices within the timeframe required by the customers, meeting all requirements. Ability to assess procedures for compliance with government standards, accounting principles, and multi-tiered system application standards. Must be able to understand interrelationships between financial management requirements and automated solutions, considering the current system environment and the potential integration of added system concurrently or later. Familiar with activity based costing, business case analysis and outsourcing requirements.

Minimum Education/Training/Certifications/Clearances: Masters Degree and/or specialized certification (PMP, CPA, etc.). Requires the ability to obtain a SECRET clearance.

Organizational Consultant

Minimum/General Experience: Fifteen (15) years of experience in a subject relevant to a particular program or organization.

Functional Responsibility: Serve as technical, functional, and/or management expert in areas relevant to a particular organization. Provide studies, audits, reports, guidance, training, analysis, evaluations and research on the functional procedures/processes/policies of relevant area. Provide strategic, business and action planning. Interfaces with Government executive management personnel and functional proponents.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent advanced Degree program. Requires ability to obtain a SECRET clearance.

Project Assistant I

Minimum/General Experience: One (1) year of relevant experience. Relevant experience may include coordinating and performing general financial and project duties. Experience in spreadsheets, data entry, and word processing.

Functional Responsibility: Provide program/project-wide organizational and financial support. Working with minimal supervision, provide support for the accomplishment of project/program objectives. May include document preparation, providing meeting support, and maintaining spreadsheets and reports.

Minimum Education/Training/Certifications/Clearances: High School Diploma. Requires ability to obtain a SECRET clearance.

Project Assistant II

Minimum/General Experience: Two (2) years of relevant experience. Relevant experience may include coordinating and performing general financial and project duties. Experience in spreadsheets, data entry, and word processing.

Functional Responsibility: Provide program/project-wide organizational and financial support. Working with minimal supervision, provide support for the accomplishment of project/program objectives. May include document preparation, providing meeting support, and maintaining spreadsheets and reports.

Minimum Education/Training/Certifications/Clearances: Associates Degree. Requires ability to obtain a SECRET clearance.

Project Assistant III

Minimum/General Experience: Four (4) years of relevant experience. Relevant experience may include coordinating and performing general financial and project duties. Experience in project support activities and experience in coordinating and executing organizational functions.

Functional Responsibility: Provide program/project-wide organizational and financial support. Working with minimal supervision, provide support for the accomplishment of project/program objectives. May provide financial or project guidance to other employees on a portion of project effort. May include maintaining and monitoring executive performance schedules and providing meeting support. Provides support activities and coordinates and executes administrative, office management, and organizational

functions.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires ability to obtain a SECRET clearance.

Project Manager

Minimum/General Experience: Ten (10) years of experience in accounting, finance, or related field, including five (5) years of increasing responsibilities in management.

Functional Responsibility: Responsible for overall management of contract support operations, possibly involving multiple projects and groups of personnel at multiple locations. Organizes, directs and coordinates the planning and production of all contract support activities. Demonstrates written and oral communication skills. Has authority and responsibility to identify and commit resources required to support effort.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Quality Control Officer

Minimum/General Experience: Ten (10) years of experience. Experience includes developing and monitoring the quality control system including maintenance of quality control documents.

Functional Responsibility: Ensures that processes needed for the quality control plan are established, implemented and maintained, reporting to top management on the performance of quality management and any need for improvement, and ensures the promotion of awareness of quality control throughout the organization.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires ability to obtain a SECRET clearance.

Requirements Consultant

Minimum/General Experience: Ten (10) years of experience gathering requirements for business and technical solutions. Responsible for gathering data to formulate and recommend technical and business solutions to improve financial systems and support services. Must have strong writing and communications skills and the ability to interface with senior and executive management. Must be knowledgeable with the implementation of applicable Government mandates such as the Federal Acquisition Regulation (FAR).

Functional Responsibility: Duties may include conducting process or requirements analyses, supporting financial systems development with subject matter knowledge, assisting in procurement, performing system audits, conducting training, and assisting in the preparation of management and financial reports and presentations.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent advanced Degree program. Requires ability to obtain a SECRET clearance.

Senior Project Manager

Minimum/General Experience: Twelve (12) years of experience in accounting, finance, or related field, including eight (8) years of increasing responsibilities in management.

Functional Responsibility: Responsible for overall management of contract support operations, possibly involving multiple projects and groups of personnel at multiple locations. Organizes, directs and coordinates the planning and production of all contract support activities. Demonstrates written and oral communication skills. Has authority and responsibility to identify and commit resources required to support effort.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Specialist I

Minimum/General Experience: One (1) year of relevant experience. Relevant experience may include, but is not limited to business and action planning for the cost and schedule performance of programs.

Functional Responsibility: Support programs and projects by analyses of program management and support costs. Analyses may include: Cost/Benefit Analysis, Transaction Analysis, Total Ownership Costs Analysis, Life Cycle Cost Estimates, Earned Value and Activity Based Costing Analysis. Prepares documents to meet capital planning and investment control review requirements established by the Office of Management and Budget, including Circular A-11.

Minimum Education/Training/Certifications/Clearances: High School Diploma. Requires the ability to obtain a SECRET clearance.

Specialist II

Minimum/General Experience: Three (3) years of relevant experience. Relevant experience may include, but is not limited to strategic, business and action planning for the cost and schedule performance of programs.

Functional Responsibility: Support and analyze program schedule and performance data to integrate programs, maximize efficiency, and improve processes. Support programs and projects by performing analyses of program management and support costs. Analyses may include: Cost/Benefit Analysis, Transaction Analysis, Total Ownership Costs Analysis, Life Cycle Cost Estimates, Earned Value and Activity Based Costing Analysis. Prepares documents to meet capital planning and investment control review requirements established by the Office of Management and Budget, including Circular A-11.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Senior Subject Matter Expert

Minimum/General Experience: Fifteen (15) years of experience in the field of financial management, accounting, cost estimating, business process improvement, accounting systems, information technology applications, economics, or statistics. Experience directly related to supporting accounting teams, audit teams, accountants, and financial personnel. Familiar and knowledgeable of Government audit regulations, Generally Accepted Accounting Principles, Internal Controls, cost-effective accounting

and auditing procedures, and procurement/acquisition environments.

Functional Responsibility: Provide executive level guidance and expertise to accounting, finance, and audit teams. Serves as information base and advisor to accountants, financial professionals, auditors, and accounting personnel. Responds to and solves questions relative to Government regulations, Generally Accepted Accounting Practices, and Financial guidelines that may be agency or organization-specific.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent advanced Degree program. Requires ability to obtain a SECRET clearance.

Subject Matter Expert 1

Minimum/General Experience: Eight (8) years of experience in a subject relevant to a particular program or project, which may include financial management, accounting, cost estimating, business process improvement, accounting systems, information technology applications, economics, or statistics.

Functional Responsibility: Provide executive level guidance and expertise to accounting, finance, and audit teams. Serves as information base and advisor to accountants, financial professionals, auditors, and accounting personnel. Responds to and solves questions relative to Government regulations, Generally Accepted Accounting Practices, and Financial guidelines that may be agency or organization-specific.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires ability to obtain a SECRET clearance.

Subject Matter Expert 2

Minimum/General Experience: Ten (10) years of experience in a subject relevant to a particular program or project, which may include financial management, accounting, cost estimating, business process improvement, accounting systems, information technology applications, economics, or statistics.

Functional Responsibility: Provide executive level guidance and expertise to accounting, finance, and audit teams. Serves as information base and advisor to accountants, financial professionals, auditors, and accounting personnel. Responds to and solves questions relative to Government regulations, Generally Accepted Accounting Practices, and Financial guidelines that may be agency or organization-specific.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires ability to obtain a SECRET clearance.

Subject Matter Expert 3

Minimum/General Experience: Twelve (12) years of experience in a subject relevant to a particular program or project, which may include financial management, accounting, cost estimating, business process improvement, accounting systems, information technology applications, economics, or statistics.

Functional Responsibility: Provide guidance and expertise to accounting, finance, and audit teams. Serves as information base and advisor to accountants, financial professionals, auditors, and accounting personnel. Responds to and solves questions relative to Government regulations, Generally Accepted Accounting Practices, and Financial guidelines that may be agency or organization-specific.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires ability to obtain a SECRET clearance.

Subject Matter Expert 4

Minimum/General Experience: Twelve (12) years of experience in a subject relevant to a particular program or project, which may include financial management, accounting, cost estimating, business process improvement, accounting systems, information technology applications, economics, or statistics.

Functional Responsibility: Provide executive level guidance and expertise to accounting, finance, and audit teams. Serves as information base and advisor to accountants, financial professionals, auditors, and accounting personnel. Responds to and solves questions relative to Government regulations, Generally Accepted Accounting Practices, and Financial guidelines that may be agency or organization-specific.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent advanced Degree program. Requires ability to obtain a SECRET clearance.

Task Manager

Minimum/General Experience: Five (5) years of experience in accounting, finance, or related field, including two (2) years of increasing responsibilities in management.

Functional Responsibility: Responsible for the management of tasks(s) and ensuring that the financial solutions and schedules in the project(s) are implemented in a timely manner. Organizes, directs and coordinates the planning and production of all activities associated with assigned tasks. Demonstrates competent writing and oral communication skills.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Technical Manager

Minimum/General Experience: Eight (8) years of experience in accounting, finance, or related field, including three (3) years of increasing responsibilities in management.

Functional Responsibility: Responsible for day-to-day management of support operations, possibly involving multiple projects and groups of personnel at multiple locations. Organizes, directs and coordinates the planning and production of support activities. Demonstrates written and oral communication skills. Has authority and responsibility to identify and commit resources required to support effort.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program. Requires the ability to obtain a SECRET clearance.

Experience versus Education – For All MAS Labor Categories

The criteria for experience substituted for education are as follow:

- One (1) year of experience beyond the minimal experience requirement is equivalent to an Associates Degree.
- Four (4) years of experience beyond the minimal experience requirement is equivalent to a Bachelors Degree.
- Two (2) years of experience beyond the minimal experience requirement is equivalent to Masters Degree.

First Example: A requirement for an Associates Degree and two years of experience could be satisfied by three years of experience.

Second Example: A requirement for a Masters Degree and six years of experience could be satisfied by a Bachelors Degree and eight years of experience.

Third Example: A requirement for a Masters Degree and six years of experience could be satisfied by twelve years of experience.

The criteria for education substituted for experience is as follows:

- Bachelors Degree is equivalent to five (5) years of experience.
- Masters Degree is equivalent to two (2) years of experience.

First Example: A requirement for five years (or less) of experience and no Degree could be satisfied by a Bachelors Degree.

Second Example: A requirement for a Bachelors Degree and six years of experience could be satisfied by a Masters Degree and four years of experience.

Labor Category Descriptions for SIN 54151S

Senior Consultant

Minimum/General Experience: Ten (10) years experience providing comprehensive business and technical solutions. Must have strong writing and communications skills and the ability to interface with senior and executive management. Relevant experience may include, but is not limited to, acquisition support, business process analysis, configuration management, functional or subject matter knowledge, proposal development, report preparation, auditing and contract administration. Masters Degree is equivalent to two (2) years experience.

Functional Responsibility: Leads teams to develop business and technical solutions. Develops documentation, white papers and proposals to communicate developed solutions. Prepares project schedules and develops project processes. May perform other duties as assigned.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent Degree program.

Subject Matter Expert III

Minimum/General Experience: Requires twenty (20) years experience in information systems, including twelve years of specialized experience providing state-of-the-art solutions in information systems technology. If the area of expertise is new state-of-the-art technology, experience must be consistent with the age of the technology. Vendor certification in RDBMS, development language, or telecommunication technology may be substituted for advanced Degree or experience requirements.

Functional Responsibility: Duties may include providing expert services and leadership in specialized technical areas, generally providing technical expertise in state-of-the-art technology.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent Degree program (or an additional 2 (2) years general IT experience).

Experience versus Education – For All MAS Labor Categories

The criteria for experience substituted for education are as follow:

- One (1) year of experience beyond the minimal experience requirement is equivalent to an Associates Degree.
- Four (4) years of experience beyond the minimal experience requirement is equivalent to a Bachelors Degree.
- Two (2) years of experience beyond the minimal experience requirement is equivalent to Masters Degree.

First Example: A requirement for an Associates Degree and two years of experience could be satisfied by three years of experience.

Second Example: A requirement for a Masters Degree and six years of experience could be satisfied by a Bachelors Degree and eight years of experience.

Third Example: A requirement for a Masters Degree and six years of experience could be satisfied by twelve years of experience.

The criteria for education substituted for experience is as follows:

- Bachelors Degree is equivalent to five (5) years of experience.
- Masters Degree is equivalent to two (2) years of experience.

First Example: A requirement for five years (or less) of experience and no Degree could be satisfied by a Bachelors Degree.

Second Example: A requirement for a Bachelors Degree and six years of experience could be satisfied by a Masters Degree and four years of experience.

Labor Category Descriptions for SIN 541611

Acquisition Administrative Support Specialist

Minimum/General Experience: One (1) year of experience.

Functional Responsibilities: Provides support for the Acquisition Team by providing assistance with tracking of proposals, tracking awards, and providing project status reports to Senior Acquisition Team members. Fully capable in the use of all automated office equipment and desktop computers, including Microsoft Office Suite programs.

Minimum Education/Training/Certification/Clearances: Associates Degree

Acquisition Subject Matter Expert (SME)

Minimum/General Experience: Twenty (20) years of experience.

Functional Responsibilities: Widely experienced, has managed large acquisition projects, has created and established related policies, and is considered a pre-eminent Subject Matter Expert in his/her field. Has worked at the executive level (Director or "C" level) in business or government (SES).

Minimum Education/Training/Certification/Clearances: Bachelors Degree and/or 24 semester hours business related studies

Administrator I

Minimum/General Experience: Six (6) months of experience.

Functional Responsibilities: General administrative support, operation of office and communications equipment, and other support duties as assigned. May also provide support in specialized technical disciplines. Knowledge of desktop computers and associated standard network software programs, such as Microsoft Office Suite is required.

Minimum Education/Training/Certification/Clearances: Associates Degree

Administrator II

Minimum/General Experience: Two (2) years of experience.

Functional Responsibilities: General administrative support, operation of office and communications equipment, and other support duties as assigned. May also provide support in specialized technical disciplines. Knowledge of desktop computers and associated standard network software programs, such as Microsoft Office Suite is required.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or Professional Certification

Analyst

Minimum/General Experience: Six (6) years of progressive experience within the general functional area. Applicable functional areas include systems engineering, acquisition management, business process reengineering, test and evaluation, human factors, reliability and maintainability, systems security, organizational planning, financial management, acquisition logistics, configuration and data

information systems, and support or program management.

Using prescribed methods and information supplied, develops draft inputs to program documentation as it relates to any of the support functions; reviews final draft documents for conformity to requirements and completeness. Organizes and maintains management files; tracks preparation and delivery status of data deliverables. Attends meetings, design reviews, working groups and briefings; reports issues and problems; recommends solutions. Works under general guidelines established by supervisor; receives overall instructions on specific assignment objectives, features, possible solutions, etc. Assistance is furnished on unusual problems and work is reviewed for consistency and completeness.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years functional area experience). Requires ability to obtain a SECRET clearance.

Associate

Minimum/General Experience: Three (3) years of experience.

Functional Responsibilities: Mid-level professional position performing generalist activities under supervision with basic analytical skills and provides recommendations to senior project team members. Knowledge of desktop computers and associated standard network software programs, such as Microsoft Office Suite is required. May also have experience in advanced computer programs.

Minimum Education/Training/Certification/Clearances: Bachelors Degree

Business Process Consultant (Archivist/Records Manager)

Minimum/General Experience: Four (4) years of relevant experience. Relevant experience may include, but is not limited to analyzing, making strategic recommendations, and implementing policies and procedures.

Functional Responsibility: Provide guidance and develop policies to comply with regulations and directives such as those outlined in Federal Enterprise Architecture (FEA) Records Management Profile: Electronic Records Management and Recordkeeping Requirements Checklists. Develop and maintain program management plan and support development of related documents. Develops or coordinates responses to management audits and assessments. Requires understanding of organization's business systems and industry requirements. Creates process change by integrating new process with existing ones and communicating these changes to stakeholders. Recommends and facilitates quality improvement efforts.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Business Process Consultant (Senior Archivist/Records Manager)

Minimum/General Experience: Eight (8) years of relevant experience. Relevant experience may

include, but is not limited to analyzing, making strategic recommendations, and implementing policies and procedures.

Functional Responsibility: Provide guidance and develop policies to comply with regulations and directives such as those outlined in Federal Enterprise Architecture (FEA) Records Management Profile: Electronic Records Management and Recordkeeping Requirements Checklists. Develop and maintain program management plan and support development of related documents. Develops or coordinates responses to management audits and assessments. Requires understanding of organization's business systems and industry requirements. Creates process change by integrating new process with existing ones and communicating these changes to stakeholders. Recommends and facilitates quality improvement efforts.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Contract Specialist I

Minimum/General Experience: Six (6) years of experience.

Functional Responsibilities: Responsible for assisting in the: (1) gathering, organizing, analyzing, and composing technical information, (2) preparation of Statements of Work, or any other customer deliverables and documents, (3) conducting research and ensuring the use of proper technical terminology and appropriate acquisition vehicles/contract types; and (4) post-award contract administration activities. Supports other more senior Contract Specialists in a full range of acquisition lifecycle activities. Is familiar with the FAR and is capable of operating automated acquisition systems.

Minimum Education/Training/Certification/Clearances: Bachelors Degree and/or 24 semester hours business related studies

Contract Specialist II

Minimum/General Experience: Eight (8) years of experience.

Functional Responsibilities: Responsible for duties similar to the Contract Specialist I, but requires less supervision and has broader authorities reflecting the additional year(s) of experience.

Minimum Education/Training/Certification/Clearances: Bachelors Degree and/or 24 semester hours of business related studies

Contract Specialist III

Minimum/General Experience: Twelve (12) years of experience.

Functional Responsibilities: Responsible for: (1) gathering, organizing, analyzing, and composing technical information, (2) preparation of Statements of Work, or any other customer deliverables and documents, (3) conducting research and ensuring the use of proper technical terminology and appropriate acquisition vehicles/contract types; and (4) post-award contract administration activities. Supports other more senior Contract Specialists in a full range of acquisition lifecycle activities. Familiar

with the FAR and is capable of operating automated acquisition systems.

Minimum Education/Training/Certification/Clearances: Bachelors Degree and/or 24 semester hours business related studies

Cost/Price Analyst

Minimum/General Experience: Four (4) years of experience.

Functional Responsibilities: The Cost/Price Analyst performs duties similar to the Junior Cost/Price Analyst, but with reduced supervision and broader authorities reflecting additional years of experience.

Minimum Education/Training/Certification/Clearances: Minimum BS/BA or Professional Certification

Directing Associate

Minimum/General Experience: Eight (8) years of experience.

Functional Responsibilities: Senior professional position with extensive technical and managerial skills. The Directing Associate may be assigned as a Project Manager. In that capacity is responsible for overall performance of the project. In addition to the traditional duties (ensuring conformity to contractual obligations, establishing and maintaining technical and financial reports to show progress to projects, and performing day-to-day management of overall contract support operations) the Directing Associate may also be required to be a Subject Matter Expert (SME) for a particular assignment.

Minimum Education/Training/Certification/Clearances: Bachelors Degree

Enterprise Architect

Minimum/General Experience: Fifteen (15) years of directly related experience designing and implementing business enterprises. Must understand process interactions, entity relationships, market dynamics, and entrepreneurial approaches required for successful enterprise development. Must be familiar with recognized Enterprise Architecture models, e.g., DODAF, FEAF.

Functional Responsibility: Develop, manage, and execute project management plans. Duties may include performing or leading architecture analysis and design, system development, defining systems and data architectures, providing technical direction, analyzing alternative designs, integration, and migration. Develop project-specific architecture products, i.e. impact assessments, blueprints, simulation, and performance measures.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent Degree program (or an additional two (2) years specialized experience). Requires ability to obtain a SECRET clearance. Certification in Enterprise Architecture (or an additional two (2) years general management experience).

Executive Assistant

Minimum/General Experience: Two (2) years of relevant experience. Relevant experience may include coordinating and performing technical and office administrative duties.

Functional Responsibility: Assist program and project managers in accomplishing goals. Provide

program/project-wide organizational and administrative support. Working with minimal supervision, provide support for the accomplishment of project/program objectives. May include maintaining and monitoring executive performance schedules, providing meeting support, and making travel arrangements.

Minimum Education/Training/Certification/Clearances: Associates Degree (or an additional two (2) years administrative experience). Requires ability to obtain a SECRET clearance.

Expert Consultant

Minimum/General Experience: Requires fifteen (15) years of experience in field of expertise (management, acquisition, etc.).

Functional Responsibility: Duties may include providing expert services and leadership in field of expertise. Serves as a senior advisor/analyst to customer's executive management team in a variety of capacities. Provides advice and expertise in competitive sourcing, outsourcing methods, value chain analysis, strategic planning, process improvement methods, change enablement and management, site-selection, and consolidation of operations. May serve as the project lead for either a contract or task. May serve as the primary customer point of contact for an activity.

Minimum Education/Training/Certifications/Clearances: Masters Degree or other equivalent Degree program (or an additional two (2) years specialized experience). Requires ability to obtain a SECRET clearance.

Financial Analyst

Minimum/General Experience: Eight (8) years of relevant experience. Relevant experience may include, but is not limited to strategic, business and action planning for the cost and schedule performance of programs.

Functional Responsibility: Support and analyze program schedule and performance data to integrate programs, maximize efficiency, and improve processes. Develop performance metrics and program baselines for process and productivity improvement and project performance monitoring. Support programs and projects by performing analyses of program management and support costs. Analyses include: Cost/Benefit Analysis, Total Ownership Costs Analysis, Life Cycle Cost Estimates, Earned Value and Activity Based Costing Analysis. Prepares documents to meet capital planning and investment control review requirements established by the Office of Management and Budget, including Circular A-11.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Grants Administrative Support Specialist

Minimum/General Experience: 6 months of experience.

Functional Responsibility: Provides support for the Grants Team by providing assistance with tracking of grant proposals, tracking grant agreements, and providing project status reports to Senior Grants Team members. Fully capable in the use of all automated office equipment and desktop computers,

including Microsoft Office Suite programs.

Minimum Education/Training/Certifications/Clearances: Associates Degree

Grants Administrator

Minimum/General Experience: Seven (7) years of experience.

Functional Responsibility: Responsible for the activities of the organization or foundation, both before and after the awards process. Establishes standards and deadlines for proposals, reviews proposals for completeness, and ensures compliance with organizational or foundation standards. Maintains records of funding sources and grant applicants. Familiar with standard concepts, practices, and procedures within a particular field. Relies on experience and judgment to plan and accomplish goals. Performs a variety of tasks. May lead and direct the work of others. A wide Degree of creativity and latitude is required. Typically reports to a manager or head of a unit/department.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree

Grants Associate I

Minimum/General Experience: One (1) year of experience.

Functional Responsibility: Responsible for the development and coordination of activities related to grants or contracts. Responsibilities may include program development, ensuring that grants or contracts adhere to organizational standards, and disbursement of funds. Familiar with standard concepts, practices, and procedures within a particular field. Relies on experience and judgment to plan and accomplish goals. Performs a variety of tasks; works under general supervision. A certain Degree of creativity and latitude is expected. May report to a supervisor or a manager.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree

Grants Associate II

Minimum/General Experience: Three (3) years of experience.

Functional Responsibility: Prepares and manages proposals for grants in accordance with funder's policies and legal requirements. Prepares contract proposals and administers major contracts. Negotiates contractual provisions with potential partners. Familiar with a variety of the field's concepts, practices, and procedures. Relies on extensive experience and judgment to plan and accomplish goals. Performs a variety of tasks. Leads and directs the work of others. A wide Degree of creativity and latitude is expected. Typically reports to head of unit/department.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree

Grants Process Analyst

Minimum/General Experience: Five (5) years of experience.

Functional Responsibility: Obtains, analyzes and evaluates complex quantitative information utilizing computer-driven analytical systems in order to make comparisons and form recommendations. May work under the supervision of a senior process expert. Responsible for understanding and

documenting processes, including sensitivity variables and human/process interfaces. Fully capable in the use of desktop computers, including Microsoft Office Suite programs, as well as automated process tools.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree

Graphics/Documentation Specialist

Minimum/General Experience: Requires five (5) years of experience. Relevant experience includes, but is not limited to, writing and editing project documentation and business processes. Documentation skills include use of graphics software.

Functional Responsibility: Duties may include writing and editing documents, manuals and training course materials. In addition, may include developing graphical representations of business processes.

Minimum Education/Training/Certifications/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Junior Acquisition Administrative Support Specialist

Minimum/General Experience: Six (6) months of experience.

Functional Responsibilities: Administrative support for the Acquisition Team throughout pre- award, award and post award phases of the acquisition lifecycle. Fully capable in the use of all automated office equipment and desktop computers, including Microsoft Office Suite programs.

Minimum Education/Training/Certification/Clearances: High School Diploma

Junior Cost/Price Analyst

Minimum/General Experience: Two (2) years of experience.

Functional Responsibilities: Under direct supervision, the Junior Cost/Price Analyst obtains, analyzes and evaluates complex quantitative information utilizing computer-driven analytical systems in order to make comparisons and form recommendations. Performs comparative analysis of vendor terms and/or cost proposals with historical data to develop recommendations on vendor selection, program/contract terms, or prices. Researches and uses the most appropriate methodology to forecast program completion cost. Verifies cost data with Government accounting and audit agency recommended rates. Analyzes proposed prices or cost, including such aspects as evaluating technical and audit reports, forecasting price trends, evaluating economic factors, estimating production efficiencies, and evaluating methods of allocating cost through various types of overhead and general and administrative expense.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or Professional Certification

Junior Financial Analyst

Minimum/General Experience: Two (2) years of relevant experience. Relevant experience may include, but is not limited to strategic, business and action planning for the cost and schedule performance of programs.

Functional Responsibility: Support and analyze program schedule and performance data to integrate programs, maximize efficiency, and improve processes. Develop performance metrics and program baselines for process and productivity improvement and project performance monitoring. English, and overall structure and organization of material. Maintain electronic data systems, compose letters/communications and advertising orders. Ensure legal guidelines are adhered to when applicable. Compose and maintain status documentation.

Minimum Education/Training/Certification/Clearances: Bachelors Degree or other equivalent Degree program (or an additional four (4) years related experience). Requires ability to obtain a SECRET clearance.

Experience versus Education – For All MAS Labor Categories

The criteria for experience substituted for education are as follow:

- One (1) year of experience beyond the minimal experience requirement is equivalent to an Associates Degree.
- Four (4) years of experience beyond the minimal experience requirement is equivalent to a Bachelors Degree.
- Two (2) years of experience beyond the minimal experience requirement is equivalent to Masters Degree.

First Example: A requirement for an Associates Degree and two years of experience could be satisfied by three years of experience.

Second Example: A requirement for a Masters Degree and six years of experience could be satisfied by a Bachelors Degree and eight years of experience.

Third Example: A requirement for a Masters Degree and six years of experience could be satisfied by twelve years of experience.

The criteria for education substituted for experience is as follows:

- Bachelors Degree is equivalent to five (5) years of experience.
- Masters Degree is equivalent to two (2) years of experience.

First Example: A requirement for five years (or less) of experience and no Degree could be satisfied by a Bachelors Degree.

Second Example: A requirement for a Bachelors Degree and six years of experience could be satisfied by a Masters Degree and four years of experience.
