

Emergency Contacts: 2023-24

During a large scale or national emergency, Auguste Montessori needs to be able to get in touch with all families. To help us prepare our school Emergency Phone Tree, please let us know YOUR contact info in order so that we can be sure to reach you during an emergency. On the Phone Tree, we will use the first number on your list and all other numbers will be listed on the attachment. It is also very important that you list **at least one landline and at least one person (parent/caregiver/relative/neighbor) who will always be available** to pick up your child in the event of an emergency. *Please list in order of priority.*

Child(ren's) Name(s): _____

Signature of Parent(s): _____

Please circle the primary contact and their primary phone #. This is the daily contact for a child and the first person called if needed.
