## What is it?

Millikin has combined the forces of the Art Department and the Arts Technology and Administration programs to create the new School of Art and Creative Media. This provides the opportunity for more scholarships as well as more resources for students to find the career of their dreams!

## What programs are involved?

Art, B.A.  
 Arts Administration, B.A./B.S.  
 Art Education, B.A.  
 Arts Technology, B.A./B.S.  
 Art Therapy, B.F.A.  
 Graphic Design, B.F.A.  
 Multimedia Communication, B.A./B.S.  
 Studio Art, B.F.A.  
 Studio Art/Intermedia, B.F.A.

Arts are a living and vital part of Millikin's culture, as almost a quarter of Millikin students' study within the college of fine Arts. With art shows, concerts, theatre productions, and client presentations every week, our campus is alive with the talents of our creative students.

## Opportunities

Internships and student-run ventures, and numerous opportunities to gain valuable real-world experience, develop important working relationships, and to develop a strong portfolio for employment beyond Millikin.

## Lots of places to learn

Mac Labs in the University Commons and the Center for Theater and Dance with more Mac Computers in the lower level of ADM Scovill. Students have 24 hour access 2D and 3D art spaces like the ceramics and art studios. The Hive is another great space that hosts the offices of professors such as Professor Jessa Wilxocen, Professor Johnny Power, and Professor Eric Hector.

### 3D Design Studio

### WJMU Radio Studio

### The UC Mac Lab

### The CTD Mac Lab
