

HaloHeat Sauna Studios Partners with Mobile IV Care to Expand Wellness Offerings

Aurora, IL – October 8, 2024 – HaloHeat Sauna Studios is thrilled to announce an exciting partnership with Mobile IV Care, allowing clients to access premium IV hydration and vitamin therapy at a discounted rate. This collaboration offers flexibility for clients to receive treatments either in the comfort of their own homes or at the studio, further enhancing HaloHeat's commitment to providing comprehensive wellness solutions.

Mobile IV Care is known for delivering customized IV treatments, administered by certified medical professionals, directly to clients across Chicagoland and the Southwest Suburbs. Now, HaloHeat members and clients can enjoy the benefits of fast hydration, increased energy, improved nutrient absorption, and accelerated healing—all at an exclusive discount. Whether it's an in-studio session after an infrared sauna or halotherapy treatment, or a convenient home visit, clients can optimize their wellness journey effortlessly.

"We are constantly striving to elevate the wellness experience for our clients, and this partnership with Mobile IV Care does just that," said Donna Jolly, President of HaloHeat Sauna Studios. "By offering discounted rates for IV therapy, whether at home or in our studio, we're creating even more opportunities for our clients to feel revitalized and rejuvenated."

The integration of IV therapy with HaloHeat's services enhances the health benefits of both infrared saunas and halotherapy. Sauna sessions promote detoxification, while halotherapy supports respiratory and skin health. By pairing these therapies with IV treatments, clients receive comprehensive wellness care, accelerating their recovery, boosting energy, and providing an enhanced sense of relaxation.

Popular treatments, such as the Super Charge IV Drip for energy and mental clarity or the Muscle Revive IV Drip for muscle recovery and focus, make it easy for clients to tailor services to their specific wellness needs. And now, with the added convenience of at-home treatments, achieving optimal health has never been more accessible.

To celebrate the launch of this partnership, HaloHeat clients can enjoy an exclusive discount on their first IV therapy session by using the coupon code **HALOIV**.
