A Premier Product, Inside & Out.

With Premier Sliding Patio Doors, you can feel confident you're getting exceptional value every step of the way. From testing the dependability of the product to customization options, we've taken care of every detail to ensure your patio door provides ultimate durability, performance, beauty and quality. Designed to last a lifetime, our Premier Sliding Patio Doors give you peace of mind and incredible style.

IMPACTFUL STYLE

Brighten and beautify your home—inside and out. Explore a wide range of colors, configurations and finishes to complement any architectural or interior design style.

ENHANCED ENERGY EFFICIENCY

Our 1" thick insulated glass systems provide energy-efficient performance that can be customized to your climate zone, and our full interlock system creates a strong barrier against air infiltration.

EXCEPTIONAL QUALITY

Premier Sliding Patio Doors feature fusion-welded construction and advanced weatherstripping to provide protection from the elements that will last for generations to come.

PERFORMANCE TESTED

Premier Sliding Patio Doors are tested and certified to meet durability and performance standards, ensuring a quality product for your home.

CUSTOM MADE

Premier Sliding Patio Doors are built to the exact size and specifications of your home to ensure proper installation and performance.

COMPREHENSIVE WARRANTY

For as long as you live in your home, we back every patio door with our Limited Lifetime Warranty on vinyl, hardware and glass units—and it is transferable to the next homeowner.

TRUSTED EXPERTISE

Our knowledgeable dealers are helpful resources who are committed to finding the right style and performance for your home and climate.

ENERGY STAR® CERTIFIED

Simonton offers region-specific ENERGY STAR glass packages designed to deliver optimal energy performance and comfort in any climate, and achieve the Most Efficient rating for your area.

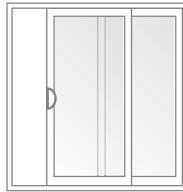

Protection & Performance

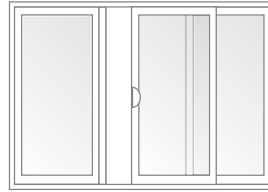

Premier Sliding Patio Doors are designed to provide a beautiful, seamless transition from your home to the outdoors. They glide open smoothly – perfect for entertaining during the summer months – and close tightly to protect your home from the elements throughout the year. With a variety of panel configurations and style options, you can create a door that coordinates with the inside and outside of your home.

PANEL CONFIGURATIONS*

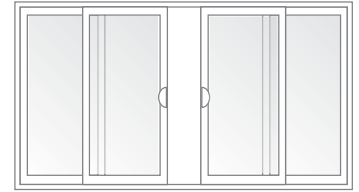

Sliding Patio Doors are available in two-, three- and four-panel configurations. Available transoms and sidelites can be added to create a stunning wall of light.

Two-panel widths: 5', 6', 8'

Three-panel widths: 9', 12'

Four-panel widths: 10', 12', 16'

Available door heights: 6'8", 6'10", 8'

ENERGY-EFFICIENT GLASS

A standard 1" insulating glass unit with Low-E glass, Argon gas and an Intercept® spacer provides energy efficiency and can be customized for optimal performance in your climate zone.

DURABLE THRESHOLD

A heavy-duty fiberglass sill offers exceptional strength and resists frost and condensation for improved efficiency.

WEATHER TIGHT DESIGN

When the door panels are closed, the full interlock system tightly seals them for protection against air infiltration, enhancing performance and comfort.

SAFETY & SECURITY

Simonton Premier Sliding Patio Doors come standard with a sturdy 3-point locking system for optimum security. An optional footbolt increases protection and can be engaged for safer ventilation. Also available in single- or dual-point lock.

SMOOTH OPERATION

Optimized tandem steel rollers provide smooth opening and closing. Appreciate convenient panel alignment with an exterior adjustment screw hole, which provides a clean interior aesthetic.

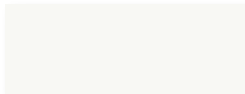

Design Options

STYLE & FUNCTION THAT'S MADE TO IMPRESS

Customize your patio door with a selection of colors and finishes that complement both the exterior and interior of your home.

VINYL INTERIOR & EXTERIOR COLORS

Virtually maintenance-free beauty and durability with the color molded through the profile.

White

Beige

LAMINATE INTERIOR COLORS

Transform your home with the warmth of a woodgrain laminate or a stylish bronze or black interior laminate.

Warm Maple
(white, beige or custom exterior color)

Golden Oak
(white, beige or custom exterior color)

Natural Oak
(white, beige or custom exterior color)

Cherry
(white, beige or custom exterior color)

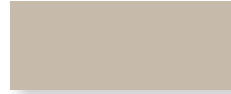

Bronze
(white or bronze coextruded exterior color)

Black
(white or black coextruded exterior color)

COEXTRUDED EXTERIOR COLORS

Durable coextruded exterior color is applied to the vinyl during production for a lasting, enhanced appearance.

Beige
(white interior)

Sandstone
(white interior)

Earthtone
(white interior)

Bronze
(bronze laminate or white vinyl interior)

Black
(black laminate or white vinyl interior)

CUSTOM EXTERIOR COLORS

Add unique color with heat-reflective paint that resists fading and heat build-up.

Shark Skin
(white, beige or woodgrain interior)

Evergreen
(white, beige or woodgrain interior)

Royal Brown
(white, beige or woodgrain interior)

Colors are reproduced as accurately as printer technology allows. Please see your authorized Simonton dealer for actual samples.

DOOR HANDLE FINISHES

Coordinate your interior and exterior patio door handle sets to match your interior and exterior color scheme with color-matched and distinctive metallic handle finishes. Ask your dealer for color choices.

COLOR-MATCHED HANDLE

White Beige Bronze Black

UPGRADED KEYED HANDLE

Satin Nickel Bronze Classic Brass Black

PREMIUM KEYED HANDLE

Satin Nickel Oil-Rubbed Bronze Classic Brass Black

EUROGLIDE® OPERATING SYSTEM

Upgrade to the innovative EuroGlide operating system and never struggle to open and close your patio door again. The EuroGlide system lifts the moving door panel off the sill each time you open it to eliminate all friction and allow the door to slide with ease.**

Moving the handle 180° actually lifts the door off the sill, enabling it to glide effortlessly.

EUROGLIDE HANDLE

White Brushed Nickel Polished Brass Rustic Umber Black

SCREEN OPTIONS

Give your home an extra layer of protection while letting fresh air in. Our screen options help to keep insects and pests out—creating a living space that's truly comfortable.

CHARCOAL FIBERGLASS

The standard insect screening material, fiberglass mesh provides excellent visibility and ventilation and will not rust, corrode or stain.

ALUMINUM MESH

Protect your home from aggressive regional insects that eat through normal fiberglass mesh. Our charcoal finish also reduces glare.

OPTIMAL VIEWING SCREEN

Get maximum visibility with optimal insect protection. This thinner fiberglass material allows maximum viewing while its tighter mesh pattern keeps out the tiniest of insects.

PET RESISTANT

This durable, vinyl-coated polyester provides a screen **seven times stronger** than traditional insect screening with excellent outward visibility.

SOLAR

Protect your home's furnishings from fading and keep your living space cooler with our solar screen. It blocks 70% of the sun's heat and glare, and helps save on energy costs.
