“I have always loved football and enjoy a good game, especially the Superbowl just like other football fans, so franchising a female football association is definitely a dream come true for me”, says CEO Lupe Rose. She continues with “we are taking applications now and recruiting efforts are in the works, so if you play, reach out to us and bring you’re “A” game. If you are someone who has always wanted to own an all-female football team and thought franchising would never happen, you were mistaken, but that’s all right. Now is the time, so get your checkbook ready ladies. I’ll bring the pen.”

When it comes to work, historically speaking, women have been paid lesser wages across all industries; 70 cents on the dollar in comparison to their male counterparts. The sports industry has acted no differently. Until now. SHE WFLA intends to pay all female athletic recruits wages consistent with male athletes of the same sport and skill level. The WFLA will not “shortchange” any of its professional league players. That’s SHE’s promise. That’s SHE’s commitment to the WFLA players. Women deserve better, so SHE created better. Women deserve the best, so SHE structured the best league just for you. And if that isn’t enough, SHE will build her very own stadiums across the U.S. dedicated to the WFLA and the women on all the teams. Every stadium will have a suite that carries SHE Beer, SIP Water by SHE Alkaline & Electrolyte waters, as well as High Gravity Octane Sports drink and bodyresQ H₂O. Of course, there will also be a SHE Sports Shop so fans can purchase their favorite team’s jersey and other memorabilia.

Where others have tried and failed to build an all-female football league on the same playing field with the NFL, SHE will prevail. SHE will be the first successful Women’s Football League the nation and world have ever known. That’s a promise.
