The goal of the CVPAF is to bring together traditional potters and dealers to create a quality show that will celebrate our region's pottery heritage, one of North Carolina's most treasured cultural resources. The mission of the CVPAF is to foster an educational event where the public may learn about traditional North Carolina pottery, within the wider context of Southern pottery, and to provide an opportunity to purchase, collect, and study this unique cultural resource through contact with working potters and knowledgeable pottery dealers.
