

5/13/2021

To Whom It May Concern,

Our family was fortunate to have our daughter attend Bonnie's Home Daycare for the past year, starting in the summer of 2020 when I returned to work from maternity leave to the summer of 2021 when we moved away from Johnson County.

We were heartbroken to leave a provider our daughter became so comfortable with and who was so great with children. We were very satisfied with the small size of Bonnie's daycare (particularly in the year of COVID-19) and the younger ages of the kids. Our daughter spent the better part of her first year here. She clearly enjoyed going to daycare and seeing Bonnie every day.

Bonnie maintains a safe, clean and fun space for children. We really appreciated the regular billing receipts she provided, plus annual invoice summaries. We would highly recommend her business to any family looking for a loving and considerate daycare provider.

Sincerely,

Carolyn Sobczyk
