UTILITY FEES WILL NOT INCREASE FOR ANOTHER YEAR

The Hurley Town Council agreed to use the 2024 budget surplus to cover the increasing fees from third-party utility service providers. As a result, residents' water bills will not change for another year (except for those who elected

to receive an additional bin for \$5/month). Although fees have increased across the board over the last several years, the town has been able to cover these fees instead of passing them on to residents. The fees will be reviewed again in mid-2025.
