## Meet Your Neighbors!

Susan Barclay, our new neighbor at unit #59, has lived in many different places. She's moved to and from the Bay Area three times so it made sense to call it home after moving here fourteen years ago. Susan, her rescue cat, Bob, Golden Retriever, Indy and American Black Lab, Nellie are finding that walks around Creekside take longer than expected because they run into so many friendly people and their dogs!

Susan grew up in Arkansas, from Junior High through nursing school. After college graduation, she worked in a coronary care unit for five years then moved to St. Louis, Missouri to help open an Angioplasty Cardiac Catheter lab. She continued in that role for two years then taught and conducted seminars on angioplasty before being promoted and transferred to California to conduct research in the field with Advanced Cardio Vascular Systems, now called Abbott Vascular, a division of Abbott Labs.

In 1993, Susan met her husband Bruce at ACS, in the company gym where they both would go to work out. Cute, but shy, Bruce Barclay was a VP and Patent Attorney at ACS. They married in 1996. In 1998, Bruce was promoted and Susan, pregnant with their first child, stopped working when they moved to Indianapolis where their daughter was born. They came back to California in 1999 when Bruce was asked to run a start up company for Thomas Fogarty, M.D. Their second daughter was born in 2002 after which another opportunity arose and the family moved to Minnesota where they lived for six years.

Finally, the family returned to California! In May of 2019, Bruce passed away at age 62. Susan has her two daughters with Bruce and two step- children, a son and a daughter. Both stepchildren have 3 children each; one family lives in Chicago, the other in San Jose. Susan gets to see her three Grandchildren in San Jose regularly.

Susan enjoys walking her dogs and is an avid reader and loves gardening! A big Creekside welcome to Susan, her cat and her two dogs!
