Old and New Business

- Summary of current operations and fundraising. KGLP has promising FCC applications in process for possible repeater stations that could be built in the Zuni / Ramah, NM area, and West of Window Rock, Arizona.
- Operations Manager Emma Farley ran KGLP in March, while Rachel was on vacation.
- New Studio-Transmitter-Link system may be installed by this Summer, 2022.
- KGLP's Winter campaign began in mid-Oct. '21 & concluded in Feb. '22: over \$27k donated. Spring / Summer Campaign starts in early June.
- The next Board Election concluded in January, with board members Susan Macias, Matthew Mingus, and Terrence Sloan elected (though Susan recently resigned in order to address family needs.)
- Emma suggests outreach to areas including portions of the Navajo Nation, Zuni, and Ramah, that will be served by the new repeater stations, for community leaders who might be interested in serving on Gallup Public Radio's board of directors. We also encourage board members and KGLP community referrals for potential board members.

The meeting adjourned, by consensus, at 6:22 p.m., MDT.
