GALLUP**

**PUBLIC NOTICE**

**The City of Gallup Water Department is conducting an inventory of Lead and Copper Service Lines for all residential and commercial water account holders. This initiative is in compliance with the Environmental Protection Agency's (EPA) 2021 Lead and Copper Rule Revisions (LCRR), which has taken effect on October 16, 2024. Your cooperation is essential for completing this inventory effectively.**

**Please visit the following link to participate in the material line service survey:**

**<https://www.gallupnm.gov/LeadandCopper>**

**This page also provides information on reducing lead exposure, as well as valuable resources from the EPA and NMED. We appreciate your participation in this important process.**

**Any questions please call Utility Dispatch at 505-863-1200, Water Department at 505-863-1207 or after hours dispatch at 833-863-1212**
