The McKinley Citizens' Recycling Council will celebrate America Recycles Day on Saturday, November 1, 2025. MCRC hopes to fill the McKinley County Community Service Center with new and returning craftspeople and artists who ***Reuse & Repurpose*** manufactured materials to divert items headed for the landfill. In addition, this year *Relay For Life*, one of MCRC's partners, will host a sale of ***Cherished Items*** (pottery, paintings, photographs, jewelry, glassware, imported dish sets and other collectibles) donated by individuals who have departed Gallup and our area.
