ABOUT US

We find beauty in the most incomprehensible places and otherwise sad faces. It is our gift to see beyond the dirt, terror, pain, sadness and defeat and find the true soul that lies within. We are the hope for the hopeless.

RGV LOW COST SPAY & NEUTER PROGRAMS & SERVICES

*If you are feeding stray cats,
we can help!*

If you have compassion for outdoor cats, we can help you get them spayed/neutered so that they won't cause an overpopulation problem in your neighborhood.

Through our trap-neuter-return program, outdoor cats get:

- Spayed/Neutered
- Vaccinated
- Eartipped
- Microchipped
- Put on flea prevention

If you feed outdoor cats please get them spayed/neutered to prevent overpopulation and unwanted litters. Be part of the solution!

Our TNR Program provides free spay and neuter to outdoor cats. This program is for all outdoor cats throughout the RGV.

If you would like to get your colony signed up for spay/neuter please fill out an application at <https://form.jotform.com/Awulf/TNR>

Audrey's TNR Program

No-Kill RGV Coalition

★ Favorites · March 9 at 12:13 PM · 🌐

We have fantastic news. We are currently adding kitties to our call back list. If you would like to participate in our spay/ neuter assistance program you must: message an individual photo of the kitty, include name, age, and sex in your message. Once the required information is received, we will add you to the call back list.

Once an appointment opens up, you will be contacted to see if you'd like to book. In order to book, you must pay the \$50 deposit. Your appointment will include: spay/ neuter, injectable pain meds & antibiotics, rabies vaccine, combo vaccine, and microchip. Our organization will cover the remaining balance of your bill. We will also cover unexpected expenses such as pregnancy, pyometria, crypt orchid, etc.

This program is NOT for TNR/ feral cats. We do understand that some kitties are indoor/ outdoor and are social. Social kitties are eligible for this program. This program is NOT for fosters belonging to other rescue groups. Any rescue group that wishes to partner with the Coalition may contact us directly.

If you'd like more information about our organization, please visit our website. <https://www.nkrgvcoalition.org/>

Please consider donating to become a part of the change you would like to see in our community.

Wow! We knew there would be a big response for our upcoming free spay/neuter clinic in the RGV, but we didn't imagine it would be quite THIS big! Our original post has been shared more than 500 times. Here are a few more details...

🐱 Cats and dogs must be at least 3 months old or 3 pounds and healthy enough for surgery.

🐶 Free services include spay/neuter, and vaccines (given at the time of surgery.)

📅 PLEASE be patient as the clinics work to get appointments booked.

📞 Please call between 8:30-3 pm to make appointments

🐾 We will do our best to serve as many animals as possible. Like everyone else, veterinary clinics are experiencing staffing shortages right now, and they have been going nonstop during the pandemic. Be patient and kind 🙏

🙏 Please consider following and donating to Animal Balance to help us continue to provide services like this in the future 🙏

🙏 THANK YOU for helping keep animals safe and healthy in the Rio Grande Valley! We can't wait to meet you and your pets and serve them to the best of our ability 🙏🐾🐶🐱

POST FROM BSPCA ADMINISTRATOR

"Hello, Brownsville spca is a small all volunteer group. We are not connected to and receive no funding from the city of Brownsville or the Aspc. We do have a fund to fix cats. We can NOT trap, keep or rehome any cats. We meet at 1pm Monday thru Thursday only at Walmart in Alton Gloor in Brownsville. Cats return next day same time and place. Females require at least 3 days indoors to recover, males are usually ready to release when they return. All appointments given are already paid for from previous donations. If you can afford to donate ANY amount it will be used to help another cat but is not necessary. We will have appointments starting again first week in January. If you are interested please let me know and I will put you on my list. Thank you. Bspca"

HOW DO I BECOME A DONOR AND WHAT DOES THE PROCESS LOOK LIKE?

Donating is simple. We offer the following options: Paypal donation, Facebook payments, Cashapp, Venmo. If you are interested in another form of payment, contact us.

The following process best describes the donation process:

1. Your donation will be received.
2. The next dog owner on the sign-up sheet will be contacted to ensure they are still interested in receiving assistance.
3. If the dog owner is still interested, we will discuss what dates are most convenient for surgery.
4. Once a date is agreed upon, we will personally contact the clinic to schedule an appointment.
5. Upon scheduling the appointment, a deposit will be made using your donation.
6. Confirmation of appointment is available upon request for the donor's receipt. The donor will also be notified of what dog they have helped.
