

Black Belt EXCELLENCE

February on Humility

Don't be selfish. Don't try to impress others. Be humble. Thinking of others better than yourselves. Philippians 2:3

There is a big difference in being proud of your accomplishments and bragging about yourself, being prideful or being humble. We should all have confidence in ourselves and be proud, but we should never talk about ourselves to the point that we make others feel bad about themselves or feel bad towards us. We should always use the Black Belt Excellence principle of Humility. Humility means, *without conceit or arrogance, having a moderate estimation of your own merits. Not boastful*. Do you wish to be great? Then begin by being humble. If you are humble, you are always willing to help where it is needed.

One foundation of Humility is putting other people before yourself and what you think you deserve. Putting others first isn't something we do naturally. If someone pays you a compliment, you should say "thank you" and not brag about it. Another foundation of being humble is sharing with people who are less fortunate than you. Jesus lived in a world that put themselves before other people yet he put other people before him. The opposite of pride is being humble or being modest. Proverbs 11:2 "Pride leads only to shame: it is wise to be humble". The Lord sends no one away empty except those who are full of themselves.

What happens when we are 9 or 10 or 30 and finding ways to convince ourselves the world revolves around us. Spoiler alert! It's not pretty. We could spend an entire session about what happens to a person when they're controlled by an inflated ego. At some point we need to understand it's ok for something not to be about us. In other words, as parents and leaders we need to raise a generation of children that understand how to put others first. That's why we are taking this month to discover a little bit more about humility. We define humility as putting others first by giving up what you think you deserve. If anyone had a right to have an ego it was Jesus. When he stepped on this earth he had every right to have an ego, he was God. Instead, He put everyone around Him first. It's real easy to have an inflated ego if you won 1st place in the Regional Karate championships. No one beat you! But humility tells us to get down off that high horse and help someone else to be champion. Take time out of your life to help someone else.
