

# GCSE Maths Revision Checklist - Higher

Unit	Unit / Topic	Complete
1	<b>Calculations, checking and rounding</b> Four operations with decimals and whole numbers Use one calculation to find the answer to another Product rule Rounding & estimation	
	<b>Indices, roots, reciprocals and hierarchy of operations</b> Use index notation including fractional and negative powers Order of operations	
	<b>Factors, multiples and primes</b> Identify factors, multiples and prime numbers Find prime factorisation of a number (& write in index form) Find common factors & highest common factors Find LCM of two (or three) numbers	
	<b>Standard form and surds</b> Index laws to simplify & calculate the value of an expression Convert between ordinary numbers and standard form Work with the four operations in standard form Use a calculator with indices and standard form Simplify surd expressions	
2	<b>Algebra: the basics</b> Write an expression Collect like terms Simplify expressions Use index laws Expand single & double brackets Factorise single brackets Factorise quadratic expressions Factorise quadratic expressions using difference of two squares	
	<b>Setting up, rearranging and solving equations</b> Set up expressions and equations Substitute into expressions, equations and formulae Solve linear equations and inequalities Change the subject of a formula Iteration	
3	<b>Sequences</b> Continue sequences inc from pictures Find the nth term Use nth term rule to generate or continue a sequence Find the nth term of a quadratic sequence Distinguish between arithmetic and geometric sequences Recognise and use simple geometric progressions Find term to term rule of a geometric sequence, including negative, fraction and decimal terms	
	<b>Averages and range</b> Use various charts & diagrams in relation to averages Two way tables Calculate the mean, mode, median and range from a list Median, mean and range from a table (discrete data) Modal class, median and estimate of the mean from grouped data Draw and interpret stem and leaf diagrams	
3	<b>Representing and interpreting data</b> Know which chart or diagram to use for different data sets Draw and interpret bar charts (inc dual & composite) Draw and interpret line graphs (vertical & time-series) Draw and use pie charts Find mode & total frequency from a pie chart Compare two pie charts Produce and interpret histograms Compare distributions	
	<b>Scatter graphs</b> Draw and use scatter graphs & lines of best fit Identify outliers & correlation	

Unit	Unit / Topic	Complete
4	<b>Fractions</b> Equivalent fractions including simplifying & comparing Express one amount as a fraction of another Convert between mixed numbers and improper fractions Four operations using fractions Find a fraction of an amount Convert between recurring decimals to fractions and vice versa	
	<b>Percentages</b> Use fraction to decimal conversions Recognise terminating & recurring decimals Convert between fractions, decimals & percentages Order & compare fractions, decimals & percentages Write one amount as a percentage of another Calculate percentage of an amount Calculate percentage increase/decrease Use decimals to find quantities (multiplier methods) Increase / decrease an amount by a percentage Reverse percentages	
5	<b>Ratio and proportion</b> Write ratios in their simplest form (including in context) Share a quantity in a given ratio (including 3-part ratios) Use a ratio to find one quantity when another is known Compare ratios Write ratio in the form 1:n or n:1 Write a ratio as a fraction and vice versa Write a ratio as a linear function Use direct & inverse proportion (and recognise graphically) Recipes Currency conversions	
	<b>Polygons, angles and parallel lines</b> Measure and draw lines, angles, 2D & 3D shapes Identify and name 2D shapes and their properties Identify parallel and perpendicular lines Use angle facts - around a point, straight line, vertically opposite etc Use angle properties of parallel lines Use sum of interior angles for irregular & regular polygons Use sum of exterior angles for regular polygons Use the side/angle properties of compound shapes made up of triangles, lines and quadrilaterals	
6	<b>Pythagoras' Theorem and trigonometry</b> Pythagoras' Theorem Trigonometry - sin, cos and tan Know exact trig values	
	<b>Graphs: the basics and real-life graphs</b> Use coordinates in all four quadrants Conversion graphs Fixed cost and cost per unit graphs Distance / time and Velocity/ time graphs Midpoints of a line segment Calculate the length of a line segment	
6	<b>Linear graphs and coordinate geometry</b> Draw, use and interpret (inc gradient) straight line graphs Find the equation of a line through two points Find the equation of a line (including from a graph) Identify parallel and perpendicular lines Generate equations of parallel and perpendicular lines	
	<b>Quadratic, cubic and other graphs</b> Plot quadratic graphs Find solutions, intercepts & turning points of a quadratic graph Recognise and sketch cubic functions Recognise and sketch reciprocal functions Draw circles, centre the origin, equation $x^2 + y^2 = r^2$ .	

# GCSE Maths Revision Checklist - Higher

Unit	Unit / Topic	Complete
7	<b>Perimeter, area and circles</b> Convert between metric measures Read scales Perimeter of 2D shapes Area of 2 D shapes and compound shapes Name parts of a circle Recall & use formula for area and circumference of a circle Arcs and sectors	
	<b>3D forms and volume, cylinders, cones and spheres</b> Identify and name 3D forms and their properties Volume of a cuboid Volume of a prism Volume of a composite forms Surface area of prisms & simple compound forms Surface area & volume of a cylinder Spheres, pyramids, cones, frustums and composite solids.	
	<b>Accuracy and bounds</b> Calculate the upper & lower bounds of numbers Calculate the upper & lower bounds of an expression Use error intervals (inc truncation)	
8	<b>Transformations</b> Transform and describe translations, rotations & reflections Transform and describe enlargements inc fractional and negative SF Transform shapes using a combination of transformations Describe transformations when using multiple transformations Describe the changes & invariance achieved by combinations of transformations	
	<b>Constructions, loci and bearings</b> Draw plans and elevations of shapes Draw a 3D form given its plan and elevations Use maps, scale drawings & bearings Standard constructions Find regions satisfying a combination of loci Find and describe regions satisfying a combination of loci, including in 3D Use constructions to solve loci problems including with bearings	
9	<b>Solving quadratic and simultaneous equations</b> Set up and solve quadratic equations Completing the square Quadratic Formula Solve simultaneous equations algebraically and graphically (linear/linear) Solve simultaneous equations algebraically and graphically (linear/quadratic) Solve simultaneous equations algebraically and graphically (linear/circle)	
	<b>Inequalities</b> On a number line Listing numbers that satisfy an inequality Solving inequalities and show the solution on a number line Represent and interpret inequalities graphically	
10	<b>Probability</b> Probability scale Listing outcomes Two-way tables Frequency trees Use 1-p Relative frequency Sample space diagrams Venn diagrams & set notation Probability tree diagrams	
11	<b>Multiplicative reasoning</b> Best value Use compound measures: Pressure, Density & Speed Percentage profit / loss Reverse percentages Simple interest Compound interest & growth Depreciation & decay Rates of pay	

Unit	Unit / Topic	Complete
12	<b>Similarity and congruence in 2D and 3D</b> Use congruence criteria for triangles (SSS, SAS, ASA and RHS); Use formal geometric proof involving similarity & congruence Identify similar shapes Identify scale factors and find missing lengths in similar shapes Use length, area and volume scale factors Area and surface area of frustums	
13	<b>Graphs of trigonometric functions</b> Recognise, sketch and interpret graphs of the trigonometric functions Exact trig values Transforming graphical functions	
	<b>Further trigonometry</b> Formula for area of a triangle Sine rule in 2D and 3D Cosine rule in 2D and 3D Pythagoras Theorem in 3D	
14	<b>Collecting data</b> Types of data Bias and eliminating bias	
	<b>Cumulative frequency, box plots and histograms</b> Construct & interpret cumulative frequency tables/graphs Median, quartiles & interquartile range from cumulative diagrams Construct & interpret box plots Median, quartiles & interquartile range from box plots Construct & histograms Estimate the mean and median from a histogram	
15	<b>Quadratics, expanding more than two brackets, sketching graphs, graphs of circles, cubes and quadratics</b> Sketch quadratics Identify roots, turning points and intercepts of quadratic graphs Completing the square Expand the product of more than two linear expressions Sketch cubics Solve simultaneous equations graphically Solve and represent quadratic inequalities	
16	<b>Circle theorems</b> Parts of a circle Prove, recall and apply circle theorems	
	<b>Circle geometry</b> Recognise and construct the graph of a circle Find the equation of a tangent to a circle	
17	<b>Changing the subject of formulae (more complex), algebraic fractions, solving equations arising from algebraic fractions, rationalising surds, proof</b> Rationalise the denominator involving surds Simplify, multiply and divide algebraic fractions Change the subject of a complex formula Algebraic Proof Functions & function notation Inverse functions Composite functions	
18	<b>Vectors and geometric proof</b> Understand represent and use vector notation, including column notation Find the length of a vector Calculate the resultant of a vector Geometric problems in 2D where vectors are divided in a given ratio. Geometrical proofs to prove points are collinear & vectors/lines are parallel	
19	<b>Reciprocal and exponential graphs; Gradient and area under graphs</b> Recognise, sketch and interpret reciprocal graphs Calculate and interpret the area under a curve Calculate and interpret gradient of a tangent to a curve	
	<b>Direct and inverse proportion</b> Recognise and interpret graphs of direct & inverse proportion Set up and use formulae for direct & inverse proportion
