GUESS WHAT?

Special occasion frames are fully customizable with photos, memorial cards, birth announcements, baby shower invitations, you name it! Let's work together to create something unique to you or your loved one,

WHAT IS THE PROCESS?

1

Inquire about availability for your wedding date! If there is availability, we will discuss pricing, shipment/drop off arrangements, and lock in your date! There is a \$100-\$200 booking fee that goes toward final cost, this reserves your spot in the studio.

2

Once your flowers are received and deconstructed, there will be a 10-12 week drying time. If you decide to add on any extras or color correction, now is the time to inquire! Until the moment final payment is received, we can add on whatever you wish.

3

After 10-12 weeks we will reach out to arrange the final payment and begin the reconstructing process!

4

Once the final payment is received, the flowers will be pulled from the shelf and reconstructed. You will receive a design of your flowers and are allotted one design change, then it will be a \$15 per design alteration.

5

Expect one to two weeks turnaround during this stage, depending on layout changes and client response time, to final framing and packaging.

6

Once your piece(s) are framed and packaged, you will receive a tracking number to monitor your package.

Don't forget to reach out once your package is received, we love to hear your thoughts on the process and final piece!
