

ANNOUNCING A LAY APOSTOLATE MISSION

Joseph's Workshop

*Fathers Leading their Sons to Holiness
Through
Faithful, Moral and Prayerful Living*

Preparing today's fathers to train up tomorrow's strong men.

Something is very wrong. We are losing most of our children to the Devil and nobody is doing anything effective to stop it. Our Magisterium uses old tools to fight the modern evils unleashed by new technology and social media. It is not working. Children are turning their backs on the Faith. Studies show the median age of abandonment is 13. Eighty percent leave the Faith by college age.

Our traditional ways have failed us. Is there another way?

The Church has long taught that **faith and moral education is the primary responsibility first, of the parents**. Not religious education; nor a priest's; nor that of a school classroom.

But most parents are not prepared to address their children's new tech and societal demons. **Help is available.**

Informational presentations are available to interested Catholic men's ministry groups.
