**Want to save thousands on a Home Equity Line of Credit?  
Switch to the one that's always Prime minus 0.51%!**

It's true! Get a Third Federal home equity line of credit with the guaranteed lowest rate of 6.99% APR—that's Prime minus 0.51%! Our rates are typically 20% lower than other lenders, giving you thousands over the life of the loan.

Unlike other lenders, there is **no minimum balance or minimum draw** and you aren't required to open additional accounts like checking or savings accounts. **And the best news is that this is not an introductory or teaser rate—Prime minus 0.51% is good for the life of your loan.**

The Third Federal equity line gets even better. Unlike a cash-out refinance, it won't change the low rate you already have on your first mortgage. You can draw on your line for 10 years, there are no hidden fees, and you will never pay closing costs or prepayment penalties except doc stamps and intangible tax. Plus, most loans close in three weeks or less! These are a few of the reasons Consumer Reports® ranks us #4 in the nation in their banking survey.\*

In fact, with a Third Federal home equity line, you only pay about \$167 per month for every \$25,000 borrowed. So go ahead and make that home improvement, pay for college tuition, buy a new car or consolidate your high-interest debt. Use your home equity for whatever you need, whenever you need it. You may even be able to deduct 100% of the interest from your taxes.\*

To accept your home equity line offer, just stop by any Third Federal branch, call a home equity specialist directly at 1-844-245-1144 between 8:30am and 5:00pm ET or apply online at [thirdfederal.com/equity](http://thirdfederal.com/equity). Your Invitation Number is [REDACTED]

"MarketPro exceeded my expectations. I could not be more pleased with my experience. I wanted to sell my home, but going the traditional route was not realistic for me as it would have been time consuming and expensive to do. There was no gimmick, no closing costs and most crucial to me, I could leave unwanted items. I felt safe in my new home because MarketPro made it happen."
