

Product Model: FR 190

FR 190 is iron oxide red with stable quality, good dispersion, high coloring intensity.

It is widely used in building materials, coatings, inks, rubber and plastics, chemical catalysts, abrasives, papermaking and other fields.

Product Properties

Appearance	Powder	
Fe ₂ O ₃ content	≥ 95%	DIN 55913-2
Water soluble salt	≤ 0.5%	DIN 55913-2
Moisture at 105°C	≤ 1.0%	DIN 55913-2
Oil absorption	15~25g/100g	DIN ISO 787-5
Sieve residue on 0.045mm mesh	≤ 0.1%	DIN 53195
Color compared with standard	Similar~a litter	DIN ISO 787-16
