What is the Bennett Clayton Foundation?

Established in 2003 by the family of Bennett Clayton DeBlieck, the Bennett Clayton Foundation for Children with OI works to enhance the lives of children and families living with osteogenesis imperfecta (OI) through education, support and research funding.

You will notice this year's theme is colleges and universities. This is an exciting time for Bennett and his family. Cousin Lauren and sister, Mari are attending college. BCF friend and supporter, Zach Frank enters college next fall. Bennett and cousin, Kaitlyn go off to college in the fall of 2020. Show us your favorite college colors when you join us on July 26th!

Thank you for all you do to help us reach our goal of supporting children and families living with OI!

Various field games on the course will put your name into our grand prize drawing.
