

Mela Cold Pigment Peel

Unlike traditional chemical peels, this Korean Oil-Based Peel generates less heat making it Ideal for those struggling with melasma, stubborn pigmentation, and/or have sensitive skin. This peel is safe for all Fitzpatrick's, first time clients, and requires no downtime. We suggest doing this peel as a series of 6, booked once every 7-14 days (Package of 6 - Buy 5, get 1 FREE).

MEDICAL CONTRAINDICATION:

- Pregnancy / Breastfeeding
- Active skin inflammation
- Sunburn / Open wounds
- Allergy to resorcinol derivatives
- Accutane / Isotretinoin

SKIN PREP:

- If you're not already a client of ours, and are a Fitzpatrick 4-6 and not currently using a tyrosinase inhibitor (i.e. Vitamin C), then please book a time to swing by and grab a FREE SKIN PREP KIT from us at least 2 weeks before your appointment (Glossgenius > Pop In Appointment).
- Stop the use of ACTIVES (AHA/BHA, Retinoids) at least 7 days before your appointment.

POST PROCEDURE:

- You will be given a FREE POST-PROCEDURE KIT with instructions to take home with you.
- For the first 24 hours, no sun exposure and no sweating!
- No ACTIVES (AHA/BHA, Retinoids) for the next 7 days.
- Make sure to keep your skin hydrated.
- Book your next peel in 7-14 days!
