CONSENT

I understand that waxing may have certain side effects which may include but are not limited to skin removal, redness, swelling, and tenderness. I have had the opportunity to ask questions regarding these side effects and other possible complications. I have read the pre and post-care instructions and understand how important it is to follow all instructions given to me. In the event that I may have additional questions or concerns, I will consult the esthetician immediately. I have also, to the best of my knowledge, given an accurate account of my medical history, including all known allergies or prescription drugs or products I am currently ingesting or using topically. I understand and accept the risks and take full responsibility for any and all injuries, side effects, or damages that might occur to me while I am undergoing this procedure.
