Giovanni Mion

Giovanni Mion has been working with youth for more than a decade. He was a counselor at the Senior High Camp at Dunkirk Camp and Conference Center for ten years. Dunkirk Camp and Conference Center is one of the largest Christian youth and family camps in New York State. He was elected to the Board of Directors for the last two of those years. He also coached wrestling at the middle and high school levels for eight years. Through his unique life experiences and the processes he outlines in this book, he has been able to guide all of the youth he mentored to push past their self-imposed limits and achieve great success in athletics, the classroom and in their community.

Giovanni also founded the Be A Superhero Project and podcast. With this, he has uncovered everyday Superheroes from across the country and shared their stories in hopes to inspire others. He has also volunteered and helped raise money for several non-profits through the project as well.

“Engaging, powerful, motivating, enlightening. Giovanni’s ability to wrap entrepreneurship curriculum with messages of inspiration and life experiences has left a lasting impression on my students and myself included.”

-Rio Harden, Business Teacher at West Seneca West High School

My Orphan Journey

Ever had your whole world turned upside down? Ever have everything you knew vanish overnight? Ever have it happen to you twice in three months? Giovanni was leading a normal childhood. He excelled in the classroom and in athletics. Everything was going according to plan until the fall of 1994. Over a three month span, both of his parents died for unrelated reasons. He was knocked down, depressed and felt alone in the world. This is the story of how he used what his parents taught him to get back up and find the path he was on before their passing. Giovanni shares insightful tips on how to surround yourself with the right people, and start believing in yourself again. He brings to light his method of remembering his parents, and keeping his current family smiling. Through his traumatic experience, he realized he had to play the hand he was dealt and push through the dark times in order to live a life his parents would be proud of. More importantly, a life he was proud of again!

Be A Superhero Project

The mission is to uncover the superheroes who walk among us every day and share their stories to inspire you to be a better version of yourself. The vision is to change the world through monthly missions to make it a better place for all to live.
