Differentiators

Specialization in Big Box Store Parking Lots: Affordable Asphalt Maintenance Corporation has a niche focus on big box store parking lots, offering services from asphalt patching to complete overlays.

Efficiency and Speed: Extensive experience with big box store parking lots enables us to perform repairs and overlays more quickly and efficiently than competitors who don't have the same level of expertise.

Comprehensive Local Services: In addition to large-scale projects, Affordable Asphalt also provides local services such as sealcoating, crack sealing, and striping for church parking lots and driveways, displaying our versatility and commitment to community needs.

Tailored Solutions for Diverse Clients: Affordable Asphalt's ability to cater to both large commercial clients and local community projects demonstrates our adaptability and customer-focused approach, differentiating us from companies that may only focus on one type of client.
