SERVICES WE PROVIDE

- **Comprehensive Fire Safety Solutions** – Designing, supplying, and installing end-to-end fire protection systems.
- **Fire Alarm & Detection Systems** – Advanced smoke detectors, heat sensors, and alarm panels for early warning.
- **Fire Hydrant & Sprinkler Systems** – Installation and maintenance for industrial, commercial, and residential projects.
- **Suppression Systems** – Specialized systems like FM200, CO₂, Foam, and Water Mist for critical areas.
- **Extinguishers & Safety Equipment** – Supply and refilling of ISI-marked extinguishers for all classes of fire.
- **Annual Maintenance Contracts (AMC)** – Regular inspection, servicing, and certification to ensure system readiness.
- **Quality & Compliance** – Systems designed with IS, NBC, and NFPA guidelines, ensuring maximum protection.

SERVICES WE PROVIDE

- **Provisional & Final Fire NOC Assistance** – End-to-end support in obtaining approvals from Fire Department.
- **Customized Solutions** – Tailored fire safety designs as per NBC (National Building Code) & NFPA standards.
- **Testing & Commissioning** – Professional setup with pressure testing, flow testing, and system validation.
- **Training & Drills** – Fire safety awareness programs and live demonstrations for staff and residents.
- **24×7 Emergency Support** – Quick response team for urgent repairs or fire safety issues.
- **Experience Across Sectors** – Work completed for housing societies, commercial complexes, industries, hospitals, schools, and hotels.
- **End-to-End Documentation** – Layout drawings, test reports, NOC compliance papers, and handover documents.
- **Trusted Partnerships** – Strong track record with builders, contractors, and facility management companies.

Live Projects !

Trimurti Fire Services is actively executing projects across residential, commercial, and industrial sectors, delivering reliable, compliant, and safe fire protection systems.

TRIMURTI & FIRE SERVICES

Associated with Kate Corp

Description About Us

Trimurti Fire Services, founded in 2007, has been a trusted name in the field of Fire Fighting Systems. The company has been working in this industry since 2005, gaining valuable experience and expertise before its formal registration.

Since 2025, Trimurti Fire Services has been associated with **Kate Corp**, working together to expand capabilities, resources, and services. Before this collaboration, the company successfully operated independently, completing numerous projects and building a strong reputation across industries.

We specialize in consultancy, design, execution, and maintenance of fire safety systems, offering turnkey project solutions for fire detection, alarm, protection, and suppression systems. With a qualified and trained workforce, we deliver need-based solutions across residential, commercial, industrial, and institutional sectors.

Our infrastructure supports design, procurement, and project management for medium and large-scale projects, ensuring adherence to NFPA, LPA/TAC, MIDC, and other authority guidelines. Every project is executed with strict compliance to standards and a focus on long-term safety.

In addition to project execution, we also provide Annual Maintenance Contracts (AMC) for Fire Fighting Systems including fire alarms, hydrants, sprinklers, and extinguishers, backed by a specialized maintenance team.

We are further engaged in the retail trading of reputed fire fighting equipment brands, supplying high-quality, certified, and reliable products to meet diverse client needs.

With years of proven experience, strong technical expertise, and a new association with Kate Corp, Trimurti Fire Services continues to strengthen its position as a dependable partner in delivering world-class fire safety solutions.
