Landon is a 10 year old who enjoys gaming and riding 4-wheelers. His diagnosis of T-Cell Leukemia in May of 2024, completely changed everything for him, however, through it all, he has been a trooper! Landon's favorite color is blue. He loves hanging out with his little brother Caden, who is 4, and playing his Oculus. Landon is a great student and even though he was not able to attend classes in person this last school year, he managed to get STRAIGHT A's!!
