Miniature Dachshund Puppy

\$1,000.00 ~ \$1,400.00

Adoption Agreement ~

The following are obligations and terms agreed upon by both County Line Kennels [Joyce Vaughn] and (customer) for the sales transaction of a puppy from County Line Kennels. A copy of this agreement/invoice will be sent via text and email when deposit is made to secure ownership of selected puppy.

As payment for puppy, customer agrees to pay County Line Kennels [Joyce Vaughn] the purchase price of selected puppy. *A non-refundable* deposit of \$200.00 is required upfront to reserve the selected puppy and final payment is due in full before the customer takes possession of the selected puppy. *However, if a deposit is made prior to delivery, the deposit may be refunded should puppies expire during delivery.* Deposits can be made by Venmo, CASH app, or CASH. At the time of pick up, CASH will be required to pay the full balance owned to take home your selected puppy. *There is a seventy-two-hour health guarantee with your selected puppy. Should health problems arise, contact the breeder and return the puppy. You will be given a \$800 credit to choose from future litters.*

1. **Deposits** will only reserve your selected puppy for 14 days after puppies are deemed ready to separate from the mother, unless other arrangements are made. If you change your mind on your selected puppy and choose another unsold puppy, your deposit can transfer to your newly selected puppy. In the event your selected puppy does not work out in his/her forever home, you may surrender your puppy back to County Line Kennels per the "return to breeder agreement". NO REFUNDS will be given in the event of surrender. Each case will be evaluated separately to determine the eligibility for a refund.
2. **When you pick up your selected puppy**, you will take home a puppy bag with puppy food samples of the food they started eating first, 4 "pee pee" pads, a dog toy & blanket (that has his/her siblings and mothers scent), and an informational page with instructions on how to register your new selected puppy, plus how to login to the CKC website to view all the "puppy information" you will need to begin life with your new best friend. We spend a lot of time socializing with our puppies and they will want to be around you most of the time! For the best bonding possible, you will need to spend all the time you can to begin your relationship with your new puppy, learning to communicate with them and learning their likes and dislikes. Please do not hesitate to contact us if you have any questions or just need advice for your selected puppy. We also have contact with a local company that provides obedience training for you & your puppy. PLEASE ASK!

Thank you for your business!
