

# BlueTooth Amp BTA-AC30-2C

## Cautions

- Do Not** Plug In Unit While Standing In Water
- Do Not** Mount Where Subject to Direct Rain / Water
- Do Not** Turn Unit On Before Installation of Speakers
- Do Not** Allow Bare Output Wires to Touch When Powered On

**Note:** Amp may not pair to a new device if also actively paired with another device. Assure other devices are not actively BT linked to amp while trying to link to a new device.

**Note:** Over-tightening mounting screws (not included) can damage screw tabs

### Needed:

- Screws to mount amp
- 18ga or 16ga speaker wire
- wire nuts and/or electrical tape

### Warnings:

- No Serviceable Parts. Do Not Open,
- Risk of Shock
- Handle with care to avoid damage. Do Not Drop.

## Installation

- 1) Find a suitable location not subject to water immersion.
- 2) Make all speaker connections prior to plugging Blue Tooth Amp into AC Power Source.
- 3) Assure Positive (+) & Negative (-) amp outputs are connected properly to (+) & (-) Speaker Terminals. See Product Label Failure to connect speakers properly can cause amp/speaker failure.  
**Note:** It is recommended to use fully insulated crimp terminals (FISO) on speaker tabs.
- 4) It is recommended to plug into a switchable power plug , or , plug/unplug unit manually after each use. Unit does not have an on/off button.
- 5) Secure amp to a firm surface .
- 6) **Note:** Do Not allow amp to be powered endlessly. Either unplug manually or turn outlet off between uses.

## Activation

- 1) Connect Speakers, turn on Amp.
- 2) Listen for pairing tone.
- 3) Search device (phone/laptop/pad) for BAMP0240.
- 4) If device asks for PIN Code enter **8888** Allow device to pair .
- 5) Amp is now connected. Volume is controlled by user device .
- 6) **Note:** If there is no tone make sure all speaker connections are secure to assure that speakers / transducers will play tone.

## Technical

Model: BTA-AC30-2C

Input: AC 100-240V , 50/60 Hz, 1A

Output: 2 Channel

Waterproof: IPX6

Bluetooth: Qualcomm 5.0

Power: 30W Channel @ 4 Ohms / 20W Channel @ 6 Ohms

Freq. Resp: 20Hz - 20KHz

Dimen: 8" x 4.5" x 2"

Weight: 12.3 Oz
