

# *Collier County Call to Action*

## **To Implement a BLOCKADE to stop the Haitian Invasion of Florida**

Call all of these State officials to instruct them to take every effort to BLOCK these illegal aliens from coming close to our shores. Options may include:

- Independently use all Florida marine assets to establish an immediate blockade & BLOCK Haiti's invaders from landing—and to arrest & deter those who do not comply. The Governor should be in command, not the Biden Coast Guard.
- Authorize County Sheriff's to assist in these efforts by allowing each county Sheriff to offer its marine resources, and even consider deputizing citizens as needed to stop the invasion. The Florida Government and we the people should be working together in this effort.
