Teams, and select units within the U.S. Marine Corps, and U.S. Army; as well as several Corrections Emergency Response Teams (C.E.R.T.) - because they work!!!

### **“A WARRIORS MINDSET” TRAINING SERIES PART 2**

## **2. SUNDAY May 8th (1 pm to 5 pm) “Using Edged Weapons For Self Defense!”**

- Learn MORE than 30 things that will make YOU Survive in a Real-Life Gunfight!!!
- Learn HOW to protect yourself, and your loved ones, when you are forced to use your firearm to defend yourself. This class will teach you realistic, real-world concepts, that a non-Combat Veteran Firearms Instructor can NEVER teach you! Getting a nice grouping on paper targets at the range or listening to the sound of bullets hitting a metal target - in a static, non-threatening environment; is NOT the way to train for Real-Life encounters, with targets that can MOVE, targets that can THINK, and targets that are going to HUNT YOU, and are going to try to SHOOT and KILL YOU back!!! Once you have grasped basic marksmanship principles, then it's time for you to Take THIS Class, so that YOU will be Ready for a Real-Life Bad Guy with a Gun!!!
- This class will teach you HOW to Master your firearms (rifle and pistol) in the REAL WORLD where Armed Combat can and does occur! If and when, an armed bad guy points a loaded firearm at you, with his finger on the trigger; WILL YOU be able Survive that encounter? THIS CLASS Will Teach You HOW!!!
- Redline-Blueline has taught these very same techniques to the Costa Rican National Police and S.W.A.T., the Swedish National Police and S.W.A.T., the French Military and Police, various U.S. Law Enforcement S.W.A.T. ### **“A WARRIORS MINDSET” TRAINING SERIES PART 5**

## **5. SUNDAY May 29th (1 pm - 5 pm) “Taking It To The Streets (Live Fire)”**

- Hand To Hand (H2H) Combat is a Biblically Ordained Concept used by God's People to defend themselves, their loved ones, and their society (Psalm 144:1-2). H2H Combat is a physical confrontation, between two or more persons, at short range, which does not involve the use of ranged or distance weapons. This class is designed as a natural evolution from our "8 Tools of Self-Defense" and "Using Edged Weapons" Classes. It is designed to teach you HOW to Survive, Dominate, and WIN your next street fight, which may require you to defeat multiple adversaries at one time. Once YOU have digested the concepts of Self Defense, and Basic Edged Weapon proficiency, it's time to take your training up a notch; and Learn HOW to Fight THREE bad guys at the same time!
- Students will learn several concepts and techniques that WORK and will get you home; when surrounded by multiple hostiles that want YOU to die or bleed! It is HIGHLY RECOMMENDED, that students have previously taken our "8 Tools of Self-Defense", and "Using Edged Weapons" Classes, BEFORE attending this class!
- These techniques have been successfully used by our Military Special Operations, Law Enforcement, and Corrections personnel in high threat areas, to keep them SAFE!
- Class Requirements: For Adults. However, youth may participate if they are at least 12-17 of age, with parent or guardian present at class with minor. Wear comfortable clothing, no jewelry, and closed toe shoes (sneakers preferable). Must be in reasonably good health, this 4-hour class is mildly strenuous.
