Petition to Collier Board of County Commissioners and Collier County Supervisor of Elections to create smaller precincts for the purpose of hand-counting of paper ballots

Whereas, Article I Section 1 of the Florida Constitution states that all political power is inherent in the people..., and,

Whereas, Article I Section 5 of the Florida Constitution states that the people shall have the right peaceably to assemble, to instruct their representatives, and to petition for redress of grievances; and,

Whereas, Article IX of the Bill of Rights states that "The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people; and,

Whereas, Florida Statute Title IX, Chapter 101.031(2), known as the Voter's Bill of Rights states that each registered voter in this state has the right to: Vote and have his or her vote accurately counted; and to Vote on a voting system that is in working condition and that will allow votes to be accurately cast; and,

Whereas, mail in voting and 'secure ballot intake stations' (formerly referred to as 'Drop Boxes') undermine the integrity of our voting system by omitting Voter ID which is required for in person voting; and,

Whereas, electronic voting machines and electronic vote counting machines undermine the integrity of our voting system by counting votes in secret and transferring election data electronically.

Whereas, Florida Statute Title IX, Chapter 101.001(1) states, "The board of county commissioners in each county, upon recommendation and approval of the supervisor, shall alter or create precincts for voting in the county..." and,

Whereas, We The People are currently petitioning our State Legislature to ban electronic elections equipment and to restore hand-counted, paper ballots in the State of Florida.

Therefor, We The People, living on the land, lawfully, humbly and formally petition the Collier Board of County Commissioners and Collier County Supervisor of Elections Jennifer Edwards to create smaller precincts so as to make the hand-counting of paper ballots as feasible as possible.
