Whereas, Article I Section 1 of the Florida Constitution states that all political power is inherent in the people…, and,

Whereas, Article I Section 5 of the Florida Constitution states that the people shall have the right peaceably to assemble, to instruct their representatives, and to petition for redress of grievances; and,

Whereas, Article IX of the Bill of Rights states that "The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people; and,

Whereas, Florida Statute 101.031(2), known as the Voter's Bill of Rights states that each registered voter in this state has the right to: Vote and have his or her vote accurately counted; and to Vote on a voting system that is in working condition and that will allow votes to be accurately cast; and,

Whereas, mail in voting and 'secure ballot intake stations' (formerly referred to as 'Drop Boxes') undermine the integrity of our voting system by omitting Voter ID which is required for in person voting; and,

Whereas, electronic voting machines and electronic vote counting machines undermine the integrity of our voting system by counting votes in secret and transferring election data electronically.

Therefor, We The People, living on the land, lawfully, humbly and formally petition Florida Governor Ron DeSantis to call an emergency session of the legislature to make the following changes to Florida's election laws:

- Ban all electronic elections equipment
- Require Voter ID with hand counted, paper ballots only
- Ban mail-in voting except for military
- Ban early voting
- Make election day a State holiday
- Establish independent, full forensic audits after every election

Additionally, We The People hereby petition Governor Ron DeSantis to establish an election fraud reporting satellite office in Collier County, Florida.
