RON DESANTIS
Governor

LAUREL M. LEE
Secretary of State

MEMORANDUM

Corrected

TO: Supervisors of Elections

FROM: Maria I. Matthews, Esq.
Director, Division of Elections

DATE: May 6, 2019

SUBJECT: EVS, Release 4.5.3.0, Version 2 (Revision 2) #180827-ES&S (Revision 2)

The Division of Elections has approved Election Systems & Software, LLC's (ES&S) Engineering Change Order (ECO) 1022 in accordance with section 101.5605 (3)(b), Fla. Stat., which has necessitated a revision to the affected certified voting system. This revision is hereby known as "EVS, Release 4.5.3.0, Version 2, Revision 2" #180827-ES&S (Revision 2).

ECO 1022 affects the DS200 precinct-count tabulator certified under ES&S's "EVS, Release 4.5.3.0, Version 2" (certificate #180827-ES&S), and including Revision 1 of said certificate. Specifically, the ECO offers a needed firmware upgrade to the Verizon 4G modem in the DS200. The modem manufacturer, Verizon Wireless, plans to shut down its legacy CDMA/3G network, thus affecting all DS200 Verizon modems, by **December 31, 2019**. The DS200's Verizon 3G modem will not operate after December 31, 2019. Likewise, any DS200's Verizon 4G modem lacking the firmware upgrade offered by this revision will not operate after December 31, 2019. Therefore, if counties intend to upgrade their 3G modems to 4G, or continue using the Verizon 4G modem capability of the DS200, they must migrate to this revision of the certified system.

A copy of the certificate is enclosed for your records.
