

# Eagle **BUSINESS SPOTLIGHT**

From a twenty-year fascination and interest in the cannabis plant and its properties, Paul's Boutique Nursery was created by a husband and wife team in 2015. Today, with the commitment of the entire Paul's Boutique family, the company is one of Maine's leading medical marijuana caregivers. What started out in a renovated automobile repair shop is now a 4000 square-foot, state of the art grow facility.

While keeping up with its descriptive name, Paul's Boutique purposefully chooses to keep an artisanal approach to all its products and services. The company has now expanded to also include a tier 1 non solvent cannabis extraction lab with a food processing license and a retail store front. As plans become a reality the Paul's Boutique team has seen where hard work and following your dreams can lead.

In the rapidly growing and ever-changing cannabis industry, not only here in Maine but nationwide, the Paul's Boutique team has proven the future is bright. They are a company that focuses on providing a high level of products and services. By creating a vertically integrated business, with rigid quality standards from seed to sale, Paul's Boutique has made a major commitment to being on the forefront of the Maine market.

The latest expansion of the business is the opening of a beautiful new store

front in Windham. This allows Paul's Boutique to better serve the medical community of Maine as well as many of state visitors who travel Route 302 while vacationing here.

The Paul's Boutique vision and dream has become a reality with the opening of their new retail storefront. Located in North Windham on Route 302 at Crimson Drive in a highly visible location with ample parking, they are easily accessible. A private consultation room is available for those who wish to discuss any questions or concerns about cannabis and its uses, especially for those new to the powers of the plant and its many cannabinoids. A warm and inviting check-in area, as well as multiple budtending stations help create a smooth and pleasant shopping experience,

allowing patients a comfortable visit.

The store stocks locally crafted items. Paul's Boutique has carefully chosen CBD vendors who are local cultivators, extractors, and producers. The store also carries a full array of flowers, concentrates, vape pens and edibles.

Paul's Boutique apparel will be available as well accessories such as functional glass art and rolling papers. The walls are adorned with in house 'pot'ography. It is attractively displayed and available for sale to those interested in artwork for their personal use.

Paul's Boutique has also become deeply involved in the local community, as members of the Chamber of Commerce, and as supporters of community outreach programs

such as Riding to the Top, Camp Sunshine, Outdoors Again, Windham Food Pantry, Neighbors Helping Neighbors, Maine Game Warden Association. Additionally, the owner was recently appointed to Windham's Marijuana Task Force for Cannabis Regulation. Paul's Boutique is proud to have hired local Maine residents for their team, as well as relocating employees from other parts of the US, who with their families are settling into the southern Maine lifestyle and helping grow the local economy.

Paul's Boutique can be found online at sites such as Google listing and Weedmaps where they have high reviews and ratings. The obvious focus of the Paul's Boutique Family to a quality small batch product is also being recognized by the cannabis community in the form of several awards. They entered their first cannabis competition in 2017 and medaled in The Secret Cup, as well as winning a couple High Times Cannabis Cups. Their strains are clone only and will not be found elsewhere, in spite of the fact that others may sometimes share a common name.

You are invited to stop in and check out Paul's Boutique storefront which is located at 8 Crimson Drive in Windham. They are open seven days a week from 9 a.m. to 7 p.m. Also visit them online at [www.paulsboutiquenursery.com](http://www.paulsboutiquenursery.com) <
