

SUCCESSION PLANNING WORKSHOP

Helping You Solve the
Business Continuity Challenge

BAC/IMI John J. Flynn International Training Center
April 14-15, 2026 | Bowie, Maryland

ABOUT THE WORKSHOP

Creating a succession plan for your construction company can be daunting, but it is essential to ensuring a smooth handoff when you're ready to retire. From assessing and developing your next generation of leaders to understanding your options for transferring ownership, we'll give you the tools to begin creating a roadmap for successful business continuity.
