- Hydromorphone _____
- Buprenorphine _____
- Butorphanol _____
- Fentanyl _____
- Methadone _____
- Other _____

Benzodiazepines

- Midazolam _____
- Diazepam _____

Dissociative

- Ketamine _____

Sedatives

- Acepromazine _____
- Dexmedetomidine _____

Induction Agents

- Propofol _____
- Alfaxalone _____

Inhalants (note which is carried)

- Isoflurane _____
- Sevoflurane _____

GI/Miscellaneous

- Famotidine _____
- Pantoprazole _____
- Cerenia _____
- Dexamethasone _____

Antibiotics Injections (must be newly reconstituted)

- Cefazolin _____
- Unasyn _____
- Ampicillin _____
- Baytril _____
- Metronidazole _____
- Diphenhydramine _____

Local Blocks

- Bupivacaine _____
- Lidocaine _____
- Ropivacaine _____
- Other _____

NSAIDs Injections

- Carprofen _____
- Meloxicam _____
- Other _____

IV Fluids (note which is carried)

- LRS _____
- 0.9% Sodium Chloride _____
- Normasol-R _____
- P-Lyte _____
- Hetastarch _____
- Vetastarch _____
- Other _____

ER Medications

- Atropine _____
- Glycopyrrolate _____
- Epinephrine _____
- Dopram _____
- Other _____

Blood Pressure Medications

- Dopamine _____
- Dobutamine _____
- Norepinephrine _____
- Other _____

Reversal Agents

- Atipamezole _____
- Naloxone _____

Oral Medications

- Carprofen _____
- Meloxicam _____
- Onsior _____
- Galliprant _____
- Other NSAIDs _____
- Cefpodoxime _____
- Cephalexin _____
- Clavamox _____

- Metronidazole _____
- Trazodone _____
- Gabapentin _____
- Buprenorphine _____
- Tramadol _____
- Other _____
- _____
- _____

Current Anesthetic & Monitoring Equipment (note which is carried)

- Ventilator _____
- ECG _____
- BP (oscillometric, doppler, both) _____
- _____
- Temperature Probe _____
- SpO2 _____
- CO2 _____
- Warming Capabilities _____
- _____
- Anesthesia Machine Available in Prep and Radiology _____
- Central O2 or Tank _____
- Other Items or Medications _____
- _____
- _____
- _____
- _____
