

COMPANY SNAPSHOT

Premier Logistics Management is an independently owned small business based in the Philadelphia area, specializing in Medical Courier Services and Last-Mile Logistics for the Healthcare and Pharmaceuticals industry. We ensure the safe, timely delivery of critical materials through reliable, compliant transportation solutions.

CORE COMPETENCIES

Premier Logistics Management delivers expert shipping, project management, and logistics solutions with a focus on precision, compliance, and efficiency. Our team is committed to providing timely, cost-effective results that support the success of every client project.

EXPERIENCE

Premier Logistics Management delivers full-service transportation solutions for government and private sector clients, combining expert planning, operations management, and partnerships with top-tier carriers to ensure cost-effective, efficient transit through advanced technology

Differentiators

Premier Logistics Management delivers over 20 years of specialized healthcare logistics and project management experience, maintaining a 98% on-time performance rate.

Our certified professionals ensure full regulatory compliance and tailored solutions, providing the responsiveness and precision larger competitors cannot match
