

# My 360 Velo

## Wifi Hotspot

Simply Connected. Wherever. Whenever.

Experience secure global connectivity on the go with our multi-carrier Mobile WiFi Hotspot. Ideal for traveling, remote work, and on-the-go operations, the NetLink Go® ensures you have total connectivity freedom.

### NetScan with Zero Configuration

The NetLink Go® Router provides a dynamic allocation of connectivity. At power-on, the NetLink Go® Mobile WIFI router will automatically detect the country/region where you are located and seamlessly connect to the strongest available cellular network.

### VPN Security

Easily enable the VPN to enjoy encrypted and enhanced security or filter all your communications. A go-to solution for corporate compliance, children with internet, international access and more.

### Wifi Supports 10 Devices

Connect up to ten devices simultaneously for efficiency and productivity, while managing your data directly on the cloud.

### Global Coverage

The NetLink Go® provides connectivity in more than 130 countries. What's even better? No sim card is required.

### Total Cloud Management Platform

Enjoy total device management from our cloud platform. Easily activate, suspend, manage data plans, location, remote support + diagnostics, data filtering, VPN and more.

## Technical Specifications

Mobile Network 4G/3G/2G

FDD: B1, B2, B3, B4, B5, B7, B8, B12, B17, B18, B19, B20, B26, B28

LTE TDD B38, B39, B40, B41

WCDMA 850/900/1900/2100

GPRS/EDGE 850/900/1800/1900

Maximum Download/Upload speed 4G - 150/50 Mbps (Cat. 4)

Wi-Fi Supports IEEE 802.11 b/g/n - WPA/WPA2

Connect up to 10 devices

Power: 24 Hr standby. 12 hours usage (3.7/5 000 mAh battery)

USB-C charging port 5V/2A

Dimensions 12.5 x 6.8 x 1.4 cm ( D x W x H )

Weight 4.6 oz

Interfaces Micro USB-C 2.0 (for charging)

Screen to display the status of the router

Certification CE, FCC, CCC, TELEC - Battery PSE, Msds Un38.3

Web Interface

Customization Casing Color and Silk Print (MOQ required)
