Kailee Rae (Gavin) Thomae was a vibrant daughter, sister, wife, mother, and friend who touched everyone she met with her warmth and laughter. In 2023, Kailee was diagnosed with stage IV lung cancer. Despite several optimistic treatments and valiant efforts to fight this terrible disease, the cancer unfortunately spread to her brain, abdomen, liver, and beyond. Kailee was a fighter to her core, determined not to let cancer stop her from continuing to spread joy and goodness to those that loved her. However, God called Kailee home on September 9, 2024, at the age of 36. Throughout her battle, Kailee remained strong, never complaining, and focused on helping others. She wanted to raise awareness and funds for cancer research, and to help other young families affected by the disease.

Kailee's parents, Paul and Traci Gavin, with the support of her husband, Derek, son, Beckham, and close friends, have established Kailee's Fight Club, a 501(c)(3) nonprofit organization in her honor dedicated to supporting cancer research and providing assistance to young families facing cancer. Kailee's memory lives on as a lasting symbol of love, strength, and service to others.
