PROFESSIONAL BACKGROUND

Architect with 30 plus years of education and experience with commercial projects throughout Northern Illinois and Southern Minnesota areas. Born and raised in St. Charles, The future and architectural integrity of the Fox Valley is a top priority. Lead Project Architect in design, space planning, programming, contracts, and documents. Committed to a thorough understanding of projects and applying innovative design techniques in conjunction with solid business acumen. My goal is that all client's needs are met and exceeded incorporating all requirements, budgets and client parameters.

Chairmen of the City of St. Charles Historic Preservation Commission. Past Board Member of the American Institute of Architects, Chicago Chapter.
