X-Rays

Charles Lowe Radiation Safety and NDT Training: Radiation Safety – X-RAYS / OJT Log Sheet

RADIATION SAFETY EXPERIENCE LOG: X-RAYS

Technician Name: _____ Employer/Company: _____

Method: For Use of X-Ray Machines (X-Rays) Start Date: _____ Radiation Safety Officer (RSO) _____

Date	Company / Jobsite	X-RAY Equipment / Model	Qualifying X-RAY OJT Hours	Supervisor Name & Qualification	Supervisor Signature

TOTAL HOURS _____ RSO Signature_____

IMPORTANT NOTICE: This log documents supervised on-the-job training (OJT) involving X-ray producing equipment only. ASNT IRRSP X-Ray applicants must document 120 qualifying experience hours. State radiographer examination requirements vary and may require fewer hours or specific OJT forms. Include this log with examination applications when required or accepted. Record actual qualifying OJT hours, regardless of shift length. All entries must be accurate and supervisor-verified. This log does not constitute certification or guarantee examination eligibility. Retain copies for your records.
