www.kidsfeedingkids.org

Invited Educators Receive:

- 🍴 \$125 Daily Institute Stipend
- 🍴 Learning Materials & Recipes
- 🍴 Ingredients funding 24-25 SY

About the Kids Feeding Kids 2024 Summer Educator Institute (SEI):

The Kids Feeding Kids SEI will equip high school FACS and CTE Culinary educators with the training, materials, and funding to complete two (2) Kids Feeding Kids projects in their individual classrooms during the 24-25 SY.

Educators invited to attend the SEI will join a cohort of up to 12 educators at one of five regional locations. This experience is designed as a unique opportunity for FACS and CTE culinary educator professional development.

As a participant over the three days you will:

- examine your understanding of food insecurity and practice leading informed instruction about its root causes,
- share classroom expertise and teaching ideas for skills-based activities related to KFKids,
- participate in hands-on cooking labs that will give you the confidence to independently complete KFKids cooking projects with your students,
- develop a written plan to align a KFKids classroom project into your 2024-2025 lessons

SEI educators who have fulfilled all expectations of participation:

- will receive a daily stipend of \$125 per day for the investment of their time
- will receive a funding commitment from KFKids for two classroom projects in 24-25 SY
- may be called upon to share their expertise through activities that might include conference presentations, participation in professional networking groups, or interviews with media
- will have demonstrated their role as an innovative, educational leader

Complete your application before April 26, 2024 to be considered for this invitational opportunity.

More About Kids Feeding Kids:

Kids Feeding Kids partners with schools to fund real-world learning projects. Students earn community service hours while learning about root causes of food insecurity and preparing nutritious meals for families in their community.
